Dear Mike,

Extension of time request for MSP AA submission

We refer to your email of 29 May 2008 in relation to the request by APA Group, dated 26 May 2008, seeking an extension of time to lodge their access arrangement revisions to you whilst they go through the four-month process of applying for light regulation under the NGL/NGR to be implemented on 1 July 2008.

As the application to be lodged by APA Group with the NCC for light regulation to apply on the Moomba to Sydney Pipeline will be well within their rights come 1 July 2008, it would seem to be a not unreasonable request for an extension of time to be granted for the lodgement of their full regulation access arrangement revisions. We will be making a separate submission to the NCC when they conduct their consultation on this matter.

Please refer any queries you may have to George Foley on (03) 8633 6239.

Kind regards,

Elizabeth Molyneux
General Manager Energy Regulation.
