

PART 10 (PRESCRIBED TRANSPARENCY INFORMATION)

EXEMPTION APPLICATION FORM

If you experience any issues with accessibility of this document, please call 1300 585 165 or email AERnonschemeexemptions@aer.gov.au

Instructions

If the pipeline is owned, controlled or operated by a joint venture, please provide an attachment with the legal names and ACN / ABN for each of the entities involved.

Documents required to obtain a Part 10 (Prescribed transparency information) Exemption:

1. Complete Parts A, B and E of this form for new applications.
2. If the application is made by an authorised agent, proof of authority for the agent to act on behalf of named applicants.
3. Attach any additional information/documents that you consider substantiate that the pipeline meets the criteria for the exemption. This should include any information or documents required under any Exemption Guideline published by the AER and in force at the time of application.

If you are the service provider of a non-scheme pipeline that has been previously granted an exemption by the AER under Part 23 of the National Gas Rules (NGR), you will need to apply for a new exemption under Part 10 of the NGR before your exemption under Part 23 expires.

If a pipeline has been previously granted an exemption by the AER and would like the conditions of the exemption to be varied, complete Parts A, C and E of this form.

If a pipeline has been previously granted an exemption by the AER and would like the exemption to be revoked, complete Parts A, D and E of this form.

Applications marked attention Pipeline Administrator, can be submitted:

- electronically to AERnonschemeexemptions@aer.gov.au
- by post to GPO Box 3131, Canberra, ACT 2601

Dissemination of data provided

Data provided in Parts A, B, C and D together with any appendices and attachments will be included on the AER's public register. Part E will not be made public.

The entire application (Parts A, B, C, D and E) together with any appendices and attachments will be kept on file with the AER, including for the purposes of its gas scheme register.

If you have any concerns about information which is to be published on the public register, please contact the AER.

EXEMPTION APPLICATION FORM

Part B: New Part 10 exemption information

This information will be included in the AER's public register

CLASS OF EXEMPTION

There are 2 categories of exemption:

Category 1: exemption from the obligation to publish information under Division 2 Subdivision 2 Part 10 of NGR and exemption from the obligation to publish a user access guide (rule 105C(8) Part 11 of NGR) in relation to the pipeline.

Category 2: exemption from the obligations to publish financial information, historical demand information and a cost allocation methodology under Rule 101D Part 10 of NGR.

Exemption(s) sought (*can be more than one*)

Category 1: The pipeline is not a third-party access pipeline

Category 2: The pipeline is a single user pipeline or the following criteria apply:
 a) in the case of a transmission pipeline – the nameplate rating of the pipeline is less than 10 TJ/day;
 b) in the case of a distribution pipeline – the maximum daily capacity of the pipeline under normal operating conditions is less than 10 TJ/day.

Have you previously applied for an exemption in relation to this pipeline (including under Part 23 of NGR)?

Yes No

If Yes, date of AER letter in response to application

25 May 2018

Any further details and/or list of supporting documents (attached) pertaining to this application:

Westside Corporation Ltd owns the Meridien Pipeline (Qld PPL 26) which transports gas from the Jemena-owned Queensland Gas Pipeline (Qld PPL 30) to a 1 kilometre pipeline owned by Allgas Energy (Allgas Moura pipeline) along which the gas travels to the Allgas metering station at the Queensland Nitrates Pty Ltd plant at Three Chain Road, Moura Queensland 4718.

Queensland Nitrates Pty Ltd is the only User of this pipeline.

In 2015, Queensland Nitrates Pty Ltd constructed a new pipeline (Qld PPL 192) which takes gas directly from the Jemena Queensland Gas Pipeline.

The Allgas Moura pipeline is now used as a standby source of supply only.
