Dear [REDACTED],

Re: Part 10 exemptions – Central Ranges Network and Central Ranges Pipeline

I refer to your Category 2 Part 10 exemption applications received by the AER on 17 May 2024 for the:

- Central Ranges Network
- Central Ranges Pipeline

The AER has assessed the applications and supporting information and has determined to grant exemptions under Category 2 of Part 10 of the National Gas Rules (NGR). These exemptions are valid for 5 years from the date of this letter i.e., 12 July 2029.

As required by NGR rule 102(7), please notify the AER if circumstances change such that the pipeline no longer qualifies for the exemption.

Rule 102(6) requires the AER to maintain a public register of Part 10 exemptions. Barring personal information, details in your submitted Part 10 application form and responses in your emails may be published on the register along with this response.

Please contact Raj Sehgal if we can assist further.

Yours sincerely

[REDACTED]
