Dear Officer

**Application for Part 10 Exemption – Pipelines PPL4, PPL87, and PPL93**

OGT Energy submits this application for a Part 10 exemption under the National Gas Rules for the following pipelines:

- PPL4 – Silver Springs to Wallumbilla Pipeline
- PPL87 – Churchie Pipeline
- PPL93 – Waggamba Pipeline

OGT Energy exclusively utilizes these pipelines to support internal operations, with no access or transportation services provided to external parties. Accordingly, we believe that these pipelines qualify for Category 1 exemptions as they do not meet the definition of “third party access pipelines” within the National Gas Rules.

In line with the requirements under the National Gas Rules, we request the Australian Energy Regulator to grant the exemptions for these pipelines, recognizing their limited application and the absence of third-party access considerations.

Please also find attached:

- pipeline map; and
- copy of the exemption letter addressed to the previous pipeline owner regarding the exemptions

to assist with the assessment.

Should you have any questions please contact [REDACTED] on [REDACTED].

Yours sincerely,

[REDACTED]  
[REDACTED]

Chief Executive Officer
