Dear [REDACTED]

Re: Part 24 National Gas Rules exemption for ARC Pipeline

I refer to your application, received 30 June 2025, seeking a Part 24 exemption for the Atlas to Reedy Creek Pipeline (**ARC Pipeline**) under the National Gas Rules (**NGR**).

The AER has assessed your application and, on the basis of the information that you have provided, has determined to grant the ARC Pipeline a Category 2 (single user facility) exemption, taking effect on 18 August 2025 and applying for a period of five years to 18 August 2030.

As set out in subrule 611(10) of Part 24 of the NGR, please notify the AER without delay if circumstances change such that the ARC Pipeline no longer qualifies for this exemption.

Subrule 611(9) of Part 24 requires the AER to establish, publish and maintain a register of Part 24 exemptions. The new exemption for the ARC Pipeline will be published on the Part 24 exemptions register on the [AER's website](#).

As required by subrule 611(8) of the NGR, AER staff will contact the Australian Energy Market Operator to inform it of this determination.

Please contact [REDACTED] if you have further questions regarding this matter.

Yours sincerely
