## **Re: Part 24 National Gas Rules exemption for E04 Pipeline**

I refer to your application dated 28 February 2024 seeking a full exemption from Part 24 of the National Gas Rules (NGR) for the E04 Pipeline.

The AER has determined to grant the E04 Pipeline a full exemption, taking effect after the current exemption expires on 28 February 2024 and apply for a period of five years to 1 March 2029.

As set out in subrule 611(10) of Part 24 of the NGR, please notify the AER without delay if circumstances change such that the pipeline no longer qualifies for this exemption.

Subrule 611(9) of Part 24 requires the AER to establish, publish and maintain a register of Part 24 exemptions. The new exemption for the E04 Pipeline will be published on the Part 24 exemptions register on the [AER's website](#) after the current exemption expires.

As required by subrule 611(8) of the NGR, AER staff will contact the Australian Energy Market Operator to inform it of this determination.

Please contact [REDACTED] if you have further questions regarding this matter.

Yours sincerely

[REDACTED]  
General Manager  
Market Surveillance  
Australian Energy Regulator
