Dear [REDACTED]

Re: Part 24 National Gas Rules exemption for Ulverstone Pipeline

I refer to your application, received 11 December 2024, seeking a Part 24 exemption for the Ulverstone Pipeline under the National Gas Rules (**NGR**).

The AER has assessed your application and, on the basis of the information that you have provided, has determined to grant the Ulverstone Pipeline a Category 2 (single user facility) exemption, taking effect on 3 October 2025 and applying for a period of five years to 3 October 2030.

As set out in subrule 611(10) of Part 24 of the NGR, please notify the AER without delay if circumstances change such that the Ulverstone Pipeline no longer qualifies for this exemption.

Subrule 611(9) of Part 24 requires the AER to establish, publish and maintain a register of Part 24 exemptions. The new exemption for the Ulverstone Pipeline will be published on the Part 24 exemptions register on the [AER's website](#).

As required by subrule 611(8) of the NGR, AER staff will contact the Australian Energy Market Operator to inform it of this determination.

Please contact [REDACTED] if you have further questions regarding this matter.

Yours sincerely

[REDACTED]
A/g Executive General Manager
