Dear Mr Young

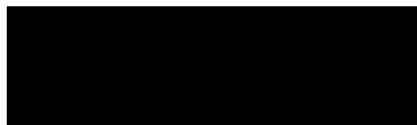

Re: Victorian Transmission System 2026 Gas Transmission Annual Tariff Variation

The AER has considered this matter and decided, in accordance with the provisions of the Victorian Transmission System (VTS) 2023–27 access arrangement, to approve VTS's proposed tariffs for the period 1 January 2026 to 31 December 2026. The initial proposed tariffs were submitted to the AER on 17 October 2025. These were revised on 13 November 2025 for the updated September quarter CPI and taking into account final winter demand figures from AEMO. A final tariff variation notice was submitted on 9 December 2025 accounting for a minor error.

The proposed tariffs are compliant with the VTS gas access arrangement 2023–27. A Statement of Reasons is attached; this Statement will be published on our website in the coming days, alongside this letter and the approved tariff variation proposal.

Should you have any queries, please contact Anita Bryant on [REDACTED].

Yours sincerely
