**Subject:** CitiPower / Yarra Trams request for Meeting[SEC=OFFICIAL]

Hi Dan,

Thanks again for confirming the meeting on 2 October — I look forward to connecting with you and Massoud at E-Gate. I've also been in touch with Debbie to lock in the details and mentioned to her that we'd be providing a Request for Information ahead of time.

The AER has asked us to present evidence from Yarra Trams regarding anticipated volumes and ongoing nature of the pole renewal program, with our response due by **25 September**. To support this, I've attached an RFI outlining the details. In short, we're seeking written confirmation that volumes will remain broadly consistent with the 2023 (154 poles) and 2024 (173 poles) programs, including Yarra Trams and DTP funded works.

My manager, Natalie Bakas, or I are available if any clarification is needed. We really appreciate your support in helping us meet this deadline.

Best regards,

**Nick Casey**
