Dear 

Re: Part 23 exemption - EO6 Pipeline

I refer to your application dated 30 January 2018 for an exemption under Part 23 of the National Gas Rules (NGR) for the EO6 Pipeline.

The AER has assessed the application and supporting information and has determined to grant exemptions under Category 1 and Category 2, the exemptions to expire five years from the date of this letter.

As required by NGR rule 585(8), please notify the AER if circumstances change such that the pipeline no longer qualifies for the exemption.

Rule 585 requires the AER to maintain a public register of Part 23 exemptions. Fields marked with a (*) in your application of 30 January 2018 will be published on the register along with this response.

Please contact me  if we can assist further.

Yours sincerely,

General Manager
Network Expenditure
