Dear [REDACTED]

Re: Part 23 exemption - Mortlake Pipeline

I refer to your application dated 13 December 2017 for an exemption under Part 23 of the National Gas Rules (NGR) for the Mortlake Pipeline (PL 259).

The AER has assessed the application and supporting information and has determined to grant an exemption under Category 2 for a period of five years from the date of this letter.

As required by NGR rule 585(8), please notify the AER if circumstances change such that the pipeline no longer qualifies for the exemption.

Rule 585 requires the AER to maintain a public register of Part 23 exemptions. Your application will be published on the register along with this response.

Please contact [REDACTED] General Manager Network Expenditure
[REDACTED] if we can assist further.

Yours sincerely
