

January 2026

# Powerlink 2027-32 Revenue Proposal

## Confidentiality Register

Totals by Section	Number of pages/worksheets of submission that include information subject to a claim of confidentiality	Number of pages/worksheets of submission that do not include information subject to a claim of confidentiality	Total number of pages/worksheets of submission	Percentage of pages of submission that include information subject to a claim of confidentiality	Percentage of pages of submission that do not include information subject to a claim of confidentiality
2027-32 Powerlink Queensland Revenue Proposal (including Cover Letter, Overview, Cost Allocation Methodology and Confidentiality Register)					
Appendices	1	218	219	0.5%	99.5%
Regulatory Information Notice	60	780	840	7.1%	92.9%
Models	2	92	94	2.1%	97.9%
Supporting Information	0	434	434	0.0%	100.0%
Project Packs	3	484	487	0.6%	99.4%
<b>Total</b>	<b>595</b>	<b>2582</b>	<b>3177</b>	<b>12.59%</b>	<b>87.41%</b>

Title, page and paragraph number of document containing the confidential information	Description of the confidential information.	Topic the confidential information relates to (e.g. capex, opex, the rate of return etc.)	Identify the recognised confidentiality category that the confidential information falls within.	Provide a brief explanation of why the confidential information falls into the selected category.	Specify reasons supporting how and why detriment would be caused from disclosing the confidential information.	Provide any reasons supporting why the identified detriment is not outweighed by the public benefit (especially public benefits such as the effect on the long term interests of consumers).
<b>Regulatory Proposal</b>						
2027-32 Regulatory Proposal Cover Letter Pg 2	Staff signatures	Compliance	Personal information	Information identifies specific personal information.	Information identifies specific personal information.	There is no public benefit in disclosure of this information.
<b>Appendices</b>						
Appendix 1.01 - Board Certification of Key Assumptions Pg 2	Board Member's signatures	Compliance	Personal information	Information identifies specific personal information.	Information identifies specific personal information.	There is no public benefit in disclosure of this information.
Appendix 1.02 - Statutory Declaration on Powerlink's Reset RIN Return Pg 1 , Pg 2	Staff signatures	Compliance	Personal information	Information identifies specific personal information.	Information identifies specific personal information.	There is no public benefit in disclosure of this information.
Appendix 4.06 - IT Plan 27-32 Pg 3, Pg 10, Pg 11, Pg 12	Make / model of equipment / software	Capex	Information affecting the security of the network	The information identifies specific makes / models or communications systems that could be targeted by hackers.	The information could be used by individuals / groups looking to disrupt electricity supplies.	Powerlink's network is designated as critical national infrastructure by the Commonwealth Attorney Generals Department. There is no public benefit from compromising security of the network.
Appendix 4.06 - IT Plan 27-32 Pg 8, Pg 12, Pg 13 , Pg 18, Pg 19	Cyber Security Information	Capex	Information affecting the security of the network	The information identifies specific cyber security information that could present a risk to the network.	The information could be used by individuals / groups looking to disrupt electricity supplies	Powerlink's network is designated as critical national infrastructure by the Commonwealth Attorney Generals Department. There is no public benefit from compromising security of the network.
Appendix 4.06 - IT Plan 27-32 Pg 17, Pg 20 , Pg 21 , Pg 25 , Pg 27 , Pg 29 , Pg 32	Project Cost breakdown Information	Capex	Market Sensitive cost inputs	The cost information may affect Powerlink's ability to secure competitive price outcomes in future procurement activities.	The cost information may affect Powerlink's ability to secure competitive price outcomes in future procurement activities.	Publication of segmented project estimates may compromise Powerlink's ability to deliver projects at the lowest possible costs which is against customers' interests.

Appendix 4.07 - OT Plan 27-32 Pg 7, Pg 8, Pg 14 , Pg 20	Make / model of equipment / software	Capex	Information affecting the security of the network	The information identifies specific makes / models or communications systems that could be targeted by hackers.	The information could be used by individuals / groups looking to disrupt electricity supplies.	Powerlink's network is designated as critical national infrastructure by the Commonwealth Attorney Generals Department. There is no public benefit from compromising security of the network.
Appendix 4.07 - OT Plan 27-32 Pg12, Pg 14, Pg 28	Cyber Security Information	Capex	Information affecting the security of the network	The information identifies specific cyber security information that could present a risk to the network.	The information could be used by individuals / groups looking to disrupt electricity supplies	Powerlink's network is designated as critical national infrastructure by the Commonwealth Attorney Generals Department. There is no public benefit from compromising security of the network.
Appendix 4.07 - OT Plan 27-32 Pg17, Pg 18, Pg 20, Pg 21, Pg 23, Pg 25, Pg 26, Pg 27, Pg 28, Pg 29, Pg 30, Pg 31, Pg 32, Pg 33, Pg 34, Pg 35	Project Cost breakdown Information	Capex	Market Sensitive cost inputs	The cost information may affect Powerlink's ability to secure competitive price outcomes in future procurement activities.	The cost information may affect Powerlink's ability to secure competitive price outcomes in future procurement activities.	Publication of segmented project estimates may compromise Powerlink's ability to deliver projects at the lowest possible costs which is against customers' interests.
Appendix 4.08 - FGOT Plan 27-32 Pg 10, Pg 11	Information including technical details about the operations of the network control centre	Capex	Information affecting the security of the network	The information identifies specific technical information about network operations.	The information could be used by individuals / groups looking to disrupt electricity supplies.	Powerlink's network is designated as critical national infrastructure by the Commonwealth Attorney Generals Department. There is no public benefit from compromising security of the network.
Appendix 4.08 - FGOT Plan 27-32 Pg 30	Identifying information of AEMO personnel	Capex	Personal information	Information identifies specific personal information.	Personal identifying information where sharing it publicly has the potential to cause unintended harm.	There is no public benefit in disclosure of this information.
Appendix 5.05 - Operating Expenditure Step Changes Approach Pg 6, Pg 7	Information including technical details about the operations of the powerlink's security.	Capex	Information affecting the security of the network	The information identifies specific technical information about security operations.	The information could be used by individuals / groups looking to disrupt electricity supplies.	Powerlink's network is designated as critical national infrastructure by the Commonwealth Attorney Generals Department. There is no public benefit from compromising security of the network.
Marsh - Appendix 5.06 - Insurance Forecasts 2027-28 to 2031- 32 - November 2025 - Pg 4,Pg 5	Identifying information of Insurance Agent's personnel	Opex	Personal information	Information identifies specific personal information.	Personal identifying information where sharing it publicly has the potential to cause unintended harm.	There is no public benefit in disclosure of this information.
Marsh - Appendix 5.06 - Insurance Forecasts 2027-28 to 2031- 32 - November 2025 - Pg 14, Pg 15, Pg 16, Pg 17, Pg 18, Pg 19, Pg 22, Pg 23, Pg 29, Pg 32, Pg 34	Commercial in confidence	Opex	Market Sensitive cost inputs	Information identifies specific insurance information.	This information may affect Powerlink's ability to secure competitive price outcomes in future procurement activities.	Publication of segmented project estimates will compromise Powerlink's ability to deliver projects at the lowest possible costs which is against customers' interests.
Appendix 7.01 - Regulatory Asset Base Transfers - January 2026 Pg 3, Pg 4	Details of movement of assets in / out of the RAB	RAB	Personal information	The information identifies specifics of customer connection arrangements	The information is commercial-inconfidence.	There is no public benefit in disclosure of details of individual customer connection arrangements.
Appendix 8.01 - Nominated Averaging Periods - January 2026 Pg 2 , Pg 3	Return of Debt & Risk free rate tables	Rate of Return	Market sensitive cost inputs	Market sensitive cost inputs The information is deemed to be confidential under the AER's Rate of Return Instrument	Disclosure would be in contravention of the AER's Rate of Return Instrument	There is no public benefit in contravening the AER's Rate of Return Instrument
<b>Regulatory Information Notice</b>						
Powerlink 2027-32 - RIN - Workbook 1 - Forecast Template 5.4, Table 5.4.1	Maximum demand information for individual customers	Demand	Personal information	Forecast demand information reveals information on the planned future state of the internal business workings of the individual user. It can reveal information about that user to the users' competitors	An industrial users' competitors can use forecast demand information to discern information on the users production plans, throughput, efficiency etc. This information is personal and other information that could harm the users' position in the markets in which they compete.	Individual consumers should be entitled to have their consumptions forecasts remain private. They are entitled to reveal them, at their choice, if they see it as being to their advantage – e.g. seeking competitively priced electricity services. It should not automatically be revealed as part of a regulatory process.

Powerlink 2027-32 - RIN - Workbook 1 - Forecast Template 2.10, Tables 2.10.1 and 2.10.2	Negotiated and Unregulated Overheads Expenditure	Opex	Market Intelligence	The information identifies operational costs for negotiated and unregulated activities	The information could be used to advantage competitors for negotiated and unregulated activities.	There is no public benefit in disclosure of this information. Disclosure may impact Powerlink's ability to obtain future negotiated and unregulated business
<b>Supporting Information</b>						
Protective Security Strategy Pg 1, Pg 5, Pg 6	Staff Names and Signatures	Compliance	Personal information	Information identifies specific personal information.	Personal identifying information where sharing it publicly has the potential to cause unintended harm.	There is no public benefit in disclosure of this information.
<b>Project Packs</b>						
CP.02729 Mudgeeraba 110kV Secondary Systems Replacement Pg 4, Pg 66, Pg 67	Staff Names	Capex	Personal information	Information identifies specific personal information.	Information identifies specific personal information.	There is no public benefit in disclosure of this information.
CP.02729 Mudgeeraba 110kV Secondary Systems Replacement Pg 6 , Pg 53, pg 68, Pg 76	Substation operating/layout/network diagram	Capex	Information affecting the security of the network	The information identifies specific circuit switching and connection arrangements.	The information could be used by individuals / groups looking to disrupt electricity supplies	Powerlink's network is designated as critical national infrastructure by the Commonwealth Attorney Generals Department. There is no public benefit from compromising security of the network.
CP.02729 Mudgeeraba 110kV Secondary Systems Replacement Pg 23 , Pg 24 , Pg 25 ,Pg 27 , Pg 28 ,Pg 29 , Pg 30 ,Pg 31 ,Pg 32 ,Pg 33 ,Pg 34 ,Pg 35 ,Pg 36 Pg , 37 ,Pg 38 ,Pg 39 ,Pg 40 ,Pg 41 ,Pg 42 , Pg 45 , Pg 46 , Pg 47 , Pg 48 ,Pg 82 ,Pg 85	Make / model of equipment / software	Capex	Information affecting the security of the network	The information identifies specific makes / models or communications systems that could be targeted by hackers.	The information could be used by individuals / groups looking to disrupt electricity supplies.	Powerlink's network is designated as critical national infrastructure by the Commonwealth Attorney Generals Department. There is no public benefit from compromising security of the network.
CP.02796 Goodna Secondary Systems Replacement Pg 4, Pg 66 , Pg 67	Staff Names	Capex	Personal information	Information identifies specific personal information.	Information identifies specific personal information.	There is no public benefit in disclosure of this information.
CP.02796 Goodna Secondary Systems Replacement Pg 73,Pg 79,Pg 83	Commercial in confidence information regarding equipment suppliers	Capex	Market Sensitive cost inputs	An equipment supplier is named in the context of historical failures and asset incidents on the network.	Public disclosure could affect both the supplier's market position and reputation.	There is limited public benefit in disclosure of this information and the detriment of public disclosure of this information outweighs the benefit.
CP.02796 Goodna Secondary Systems Replacement Pg 6 , Pg 41 , Pg 42 , Pg 57, Pg 69 ,Pg 82	Substation operating/layout/network diagram	Capex	Information affecting the security of the network	The information identifies specific circuit switching and connection arrangements.	The information could be used by individuals / groups looking to disrupt electricity supplies	Powerlink's network is designated as critical national infrastructure by the Commonwealth Attorney Generals Department. There is no public benefit from compromising security of the network.
CP.02796 Goodna Secondary Systems Replacement Pg 27, Pg 28, Pg 30, Pg 31. Pg 32, Pg 33, Pg 35,Pg 36, Pg 37 , Pg 39 , Pg 40, Pg 41, Pg 42, Pg 43, Pg 47 , Pg 49, Pg 50, Pg 51, Pg 52	Make / model of equipment / software	Capex	Information affecting the security of the network	The information identifies specific makes / models or communications systems that could be targeted by hackers.	The information could be used by individuals / groups looking to disrupt electricity supplies.	Powerlink's network is designated as critical national infrastructure by the Commonwealth Attorney Generals Department. There is no public benefit from compromising security of the network.
CP.02478 South Pine Transformer 5 Replacement Pg 4, Pg 42, Pg 43, Pg 47	Staff Names	Capex	Personal information	Information identifies specific personal information.	Information identifies specific personal information.	There is no public benefit in disclosure of this information.

CP.02478 South Pine Transformer 5 Replacement Pg 8, Pg 35, Pg 44, Pg 54	Substation operating/layout/network diagram	Capex	Information affecting the security of the network	The information identifies specific circuit switching and connection arrangements.	The information could be used by individuals / groups looking to disrupt electricity supplies	Powerlink's network is designated as critical national infrastructure by the Commonwealth Attorney Generals Department. There is no public benefit from compromising security of the network.
DC System Replacement Pg 4, Pg 5 , Pg 8	Staff Names	Capex	Personal information	Information identifies specific personal information.	Information identifies specific personal information.	There is no public benefit in disclosure of this information.
CP.02756 Molendinar Secondary Systems Replacement Pg 49	Staff Names	Capex	Personal information	Information identifies specific personal information.	Information identifies specific personal information.	There is no public benefit in disclosure of this information.
CP.02756 Molendinar Secondary Systems Replacement pg 34 , Pg 42	Substation operating/layout/network diagram	Capex	Information affecting the security of the network	The information identifies specific circuit switching and connection arrangements.	The information could be used by individuals / groups looking to disrupt electricity supplies	Powerlink's network is designated as critical national infrastructure by the Commonwealth Attorney Generals Department. There is no public benefit from compromising security of the network.
CP.02756 Molendinar Secondary Systems Replacement Pg 26, Pg 27, Pg 28 , Pg 29, Pg 46, Pg 47, Pg 56, Pg 57	Make / model of equipment / software	Capex	Information affecting the security of the network	The information identifies specific makes / models or communications systems that could be targeted by hackers.	The information could be used by individuals / groups looking to disrupt electricity supplies.	Powerlink's network is designated as critical national infrastructure by the Commonwealth Attorney Generals Department. There is no public benefit from compromising security of the network.
CP.02760 Middle Ridge Secondary Systems Replacement Pg 4 , Pg 89 , Pg 90, Pg 97	Staff Names	Capex	Personal information	Information identifies specific personal information.	Information identifies specific personal information.	There is no public benefit in disclosure of this information.
CP.02760 Middle Ridge Secondary Systems Replacement Pg 6, Pg 61, Pg 62, Pg 63, Pg 78, PG 92,Pg 93, Pg 106	Substation operating/layout/network diagram	Capex	Information affecting the security of the network	The information identifies specific circuit switching and connection arrangements.	The information could be used by individuals / groups looking to disrupt electricity supplies	Powerlink's network is designated as critical national infrastructure by the Commonwealth Attorney Generals Department. There is no public benefit from compromising security of the network.
CP.02760 Middle Ridge Secondary Systems Replacement Pg 32, Pg 33 , Pg 34, Pg 35, Pg 37,Pg 38,Pg 39,Pg 40, Pg 41, Pg 43, Pg 44, Pg 45, Pg 46, Pg 47,Pg 53, Pg 54, Pg 55, Pg 56 ,Pg 58, Pg 60, Pg 61,Pg 62, Pg 63, Pg 64,Pg 66,Pg 68,Pg 69, Pg 70,Pg 71, Pg 72,Pg 73, Pg 95, Pg 97, Pg 103, Pg 105, Pg 107,Pg 108	Make / model of equipment / software	Capex	Information affecting the security of the network	The information identifies specific makes / models or communications systems that could be targeted by hackers.	The information could be used by individuals / groups looking to disrupt electricity supplies.	Powerlink's network is designated as critical national infrastructure by the Commonwealth Attorney Generals Department. There is no public benefit from compromising security of the network.
CP.02170 Chinchilla Substation Replacement Pg 4, Pg 38 ,Pg 80 , Pg 81 , Pg 82	Staff Names	Capex	Personal information	Information identifies specific personal information.	Information identifies specific personal information.	There is no public benefit in disclosure of this information.
CP.02170 Chinchilla Substation Replacement Pg 8 , Pg 9 , Pg 13, Pg 14, Pg 15, Pg 40, Pg 52, Pg 83, Pg 95	Substation operating/layout/network diagram	Capex	Information affecting the security of the network	The information identifies specific circuit switching and connection arrangements.	The information could be used by individuals / groups looking to disrupt electricity supplies	Powerlink's network is designated as critical national infrastructure by the Commonwealth Attorney Generals Department. There is no public benefit from compromising security of the network.
CP.02170 Chinchilla Substation Replacement pg 48, Pg 49, Pg 51,Pg 56	Make / model of equipment / software	Capex	Information affecting the security of the network	The information identifies specific makes / models or communications systems that could be targeted by hackers.	The information could be used by individuals / groups looking to disrupt electricity supplies.	Powerlink's network is designated as critical national infrastructure by the Commonwealth Attorney Generals Department. There is no public benefit from compromising security of the network.
DC Battery Replacement Programme - January 2026 Pg4, Pg 5, Pg 8	Staff Names	Capex	Personal information	Information identifies specific personal information.	Information identifies specific personal information.	There is no public benefit in disclosure of this information.
CP.02584 Tarong Transformers Replacement Pg 4, Pg 87, Pg 88	Staff Names	Capex	Personal information	Information identifies specific personal information.	Information identifies specific personal information.	There is no public benefit in disclosure of this information.

CP.02584 Tarong Transformers Replacement Pg 8, Pg 101	Commercial in confidence information regarding equipment suppliers	Capex	Market Sensitive cost inputs	An equipment supplier is named in the context of historical failures and asset incidents on the network.	Public disclosure could affect both the supplier's market position and reputation.	There is limited public benefit in disclosure of this information and the detriment of public disclosure of this information outweighs the benefit.
CP.02584 Tarong Transformers Replacement Pg 12, Pg 89, Pg 100	Substation operating/layout/network diagram	Capex	Information affecting the security of the network	The information identifies specific circuit switching and connection arrangements.	The information could be used by individuals / groups looking to disrupt electricity supplies	Powerlink's network is designated as critical national infrastructure by the Commonwealth Attorney Generals Department. There is no public benefit from compromising security of the network.
Geographic Line Refit Programme Pg 12	Staff Names	Capex	Personal information	Information identifies specific personal information.	Information identifies specific personal information.	There is no public benefit in disclosure of this information.
Telecommunication Network Consolidation and Equipment Replacement Programme Pg 6, Pg 8, Pg 18, Pg 19, Pg 27, Pg 37	Staff Names	Capex	Personal information	Information identifies specific personal information.	Information identifies specific personal information.	There is no public benefit in disclosure of this information.
Telecommunication Network Consolidation and Equipment Replacement Programme Pg 34, Pg 44	Substation operating/layout/network diagram	Capex	Information affecting the security of the network	The information identifies specific circuit switching and connection arrangements.	The information could be used by individuals / groups looking to disrupt electricity supplies	Powerlink's network is designated as critical national infrastructure by the Commonwealth Attorney Generals Department. There is no public benefit from compromising security of the network.
Telecommunication Network Consolidation and Equipment Replacement Programme Pg 21, Pg 44	Make / model of equipment / software	Capex	Information affecting the security of the network	The information identifies specific makes / models or communications systems that could be targeted by hackers.	The information could be used by individuals / groups looking to disrupt electricity supplies.	Powerlink's network is designated as critical national infrastructure by the Commonwealth Attorney Generals Department. There is no public benefit from compromising security of the network.
ITOT - Cyber Security Program Investment Case Pg 9, Pg 11, Pg 12, Pg 13, Pg 14, Pg 15, Pg 16, Pg 17, Pg 18, Pg 19, Pg 20, Pg 21, Pg 22, Pg 23, Pg 24, Pg 25, Pg 26, Pg 27, Pg 28, Pg 29, Pg 30, Pg 34	Cyber Security Information	Capex	Information affecting the security of the network	The information identifies specific cyber security information that could present a risk to the network.	The information could be used by individuals / groups looking to disrupt electricity supplies	Powerlink's network is designated as critical national infrastructure by the Commonwealth Attorney Generals Department. There is no public benefit from compromising security of the network.
ITOT - Cyber Security Program Investment Case Pg 23, Pg 24	Project Cost breakdown Information	Capex	Market Sensitive cost inputs	The cost information may affect Powerlink's ability to secure competitive price outcomes in future procurement activities.	The cost information may affect Powerlink's ability to secure competitive price outcomes in future procurement activities.	Publication of segmented project estimates will compromise Powerlink's ability to deliver projects at the lowest possible costs which is against customers' interests.
IT04 - Support and Sustain Pg 3, Pg 4, Pg 5, Pg 6 , Pg 7 , Pg 8, Pg 10, Pg 11, Pg 12, Pg 15, Pg 17, Pg 18, Pg 19, Pg 20 , Pg 21, Pg 24, Pg 26, Pg 27, Pg 28	Make / model of equipment / software	Capex	Information affecting the security of the network	The information identifies specific makes / models or communications systems that could be targeted by hackers.	The information could be used by individuals / groups looking to disrupt electricity supplies.	Powerlink's network is designated as critical national infrastructure by the Commonwealth Attorney Generals Department. There is no public benefit from compromising security of the network.
IT04 - Support and Sustain Pg 13, Pg 14, Pg 15, Pg 22, Pg 23, Pg 24,Pg 31	Project Cost breakdown Information	Capex	Market Sensitive cost inputs	The cost information may affect Powerlink's ability to secure competitive price outcomes in future procurement activities.	The cost information may affect Powerlink's ability to secure competitive price outcomes in future procurement activities.	Publication of segmented project estimates may compromise Powerlink's ability to deliver projects at the lowest possible costs which is against customers' interests.
IT02 Enterprise Asset Management Pg 8, Pg 16	Make / model of equipment / software	Capex	Information affecting the security of the network	The information identifies specific makes / models or communications systems that could be targeted by hackers.	The information could be used by individuals / groups looking to disrupt electricity supplies.	Powerlink's network is designated as critical national infrastructure by the Commonwealth Attorney Generals Department. There is no public benefit from compromising security of the network.

IT02 Enterprise Asset Management Pg 21, Pg 22, Pg 23, Pg 31, Pg 42	Project Cost breakdown Information	Capex	Market Sensitive cost inputs	The cost information may affect Powerlink's ability to secure competitive price outcomes in future procurement activities.	The cost information may affect Powerlink's ability to secure competitive price outcomes in future procurement activities.	Publication of segmented project estimates may compromise Powerlink's ability to deliver projects at the lowest possible costs which is against customers' interests.
IT03 Health Safety and Environment Pg 14	Make / model of equipment / software	Capex	Information affecting the security of the network	The information identifies specific makes / models or communications systems that could be targeted by hackers.	The information could be used by individuals / groups looking to disrupt electricity supplies.	Powerlink's network is designated as critical national infrastructure by the Commonwealth Attorney Generals Department. There is no public benefit from compromising security of the network.
IT03 Health Safety and Environment Pg 16 , Pg 17, Pg 27, Pg 36	Project Cost breakdown Information	Capex	Market Sensitive cost inputs	The cost information may affect Powerlink's ability to secure competitive price outcomes in future procurement activities.	The cost information may affect Powerlink's ability to secure competitive price outcomes in future procurement activities.	Publication of segmented project estimates may compromise Powerlink's ability to deliver projects at the lowest possible costs which is against customers' interests.
CP.03005 T142 Tennyson T3 Replacement Pg 58	Staff Names	Capex	Personal information	Information identifies specific personal information.	Information identifies specific personal information.	There is no public benefit in disclosure of this information.
CP.03005 T142 Tennyson T3 Replacement Pg 46	Substation operating/layout/network diagram	Capex	Information affecting the security of the network	The information identifies specific circuit switching and connection arrangements.	The information could be used by individuals / groups looking to disrupt electricity supplies	Powerlink's network is designated as critical national infrastructure by the Commonwealth Attorney Generals Department. There is no public benefit from compromising security of the network.
CP.03005 T142 Tennyson T3 Replacement Pg 64, Pg 67, Pg 69, Pg 70	Project Cost Information	Capex	Market Sensitive cost inputs	The cost information may affect Powerlink's ability to secure competitive price outcomes in future procurement activities.	The information would be interpreted by potential suppliers as an indication of Powerlink's willingness to pay more for the provision of equipment and services.	Publication of contingency of projects will compromise Powerlink's ability to deliver projects at the lowest possible costs which is against customers' interests.
CP.02919 Broadsound Primary Plant Replacement Pg 4, Pg 46, Pg 47	Staff Names	Capex	Personal information	Information identifies specific personal information.	Information identifies specific personal information.	There is no public benefit in disclosure of this information.
CP.02919 Broadsound Primary Plant Replacement Pg 15, Pg 55, Pg 61, Pg 64	Commercial in confidence information regarding equipment suppliers	Capex	Market Sensitive cost inputs	An equipment supplier is named in the context of historical failures and asset incidents on the network.	Public disclosure could affect both the supplier's market position and reputation.	There is limited public benefit in disclosure of this information and the detriment of public disclosure of this information outweighs the benefit.
CP.02919 Broadsound Primary Plant Replacement Pg 8, Pg 9, Pg 37, Pg 49, Pg 50, Pg 63	Substation operating/layout/network diagram	Capex	Information affecting the security of the network	The information identifies specific circuit switching and connection arrangements.	The information could be used by individuals / groups looking to disrupt electricity supplies	Powerlink's network is designated as critical national infrastructure by the Commonwealth Attorney Generals Department. There is no public benefit from compromising security of the network.
CP.02400 Alan Sherriff Secondary Systems Replacement Pg 4, Pg 36, Pg 37,	Staff Names	Capex	Personal information	Information identifies specific personal information.	Information identifies specific personal information.	There is no public benefit in disclosure of this information.
CP.02400 Alan Sherriff Secondary Systems Replacement Pg 8, Pg 25, Pg 39, Pg 48	Substation operating/layout/network diagram	Capex	Personal information	The information identifies specific circuit switching and connection arrangements.	The information could be used by individuals / groups looking to disrupt electricity supplies	Powerlink's network is designated as critical national infrastructure by the Commonwealth Attorney Generals Department. There is no public benefit from compromising security of the network.
CP.02400 Alan Sherriff Secondary Systems Replacement Pg 49, Pg 56, Pg 61	Project Cost Information	Capex	Market Sensitive cost inputs	The cost information may affect Powerlink's ability to secure competitive price outcomes in future procurement activities.	The information would be interpreted by potential suppliers as an indication of Powerlink's willingness to pay more for the provision of equipment and services.	Publication of contingency of projects will compromise Powerlink's ability to deliver projects at the lowest possible costs which is against customers' interests.

CP.02400 Alan Sherriff Secondary Systems Replacement Pg 20, Pg 21, Pg 44	Make / model of equipment / software	Capex	Information affecting the security of the network	The information identifies specific makes / models or communications systems that could be targeted by hackers.	The information could be used by individuals / groups looking to disrupt electricity supplies.	Powerlink's network is designated as critical national infrastructure by the Commonwealth Attorney Generals Department. There is no public benefit from compromising security of the network.
CP.02841 Garbutt Secondary Systems Replacement Pg 4, Pg 30, Pg 31	Staff Names	Capex	Personal information	Information identifies specific personal information.	Information identifies specific personal information.	There is no public benefit in disclosure of this information.
CP.02841 Garbutt Secondary Systems Replacement Pg 7, Pg 23	Substation operating/layout/network diagram	Capex	Information affecting the security of the network	The information identifies specific circuit switching and connection arrangements.	The information could be used by individuals / groups looking to disrupt electricity supplies	Powerlink's network is designated as critical national infrastructure by the Commonwealth Attorney Generals Department. There is no public benefit from compromising security of the network.
CP.02841 Garbutt Secondary Systems Replacement Pg 49, Pg 54	Project Cost Information	Capex	Market Sensitive cost inputs	The cost information may affect Powerlink's ability to secure competitive price outcomes in future procurement activities.	The information would be interpreted by potential suppliers as an indication of Powerlink's willingness to pay more for the provision of equipment and services.	Publication of contingency of projects will compromise Powerlink's ability to deliver projects at the lowest possible costs which is against customers' interests.
CP.02841 Garbutt Secondary Systems Replacement Pg 19, Pg 46, Pg 50	Make / model of equipment / software	Capex	Information affecting the security of the network	The information identifies specific makes / models or communications systems that could be targeted by hackers.	The information could be used by individuals / groups looking to disrupt electricity supplies.	Powerlink's network is designated as critical national infrastructure by the Commonwealth Attorney Generals Department. There is no public benefit from compromising security of the network.
CP.02751 Murarrie Secondary Systems Replacement Pg 4, Pg 36, Pg 37	Staff Names	Capex	Personal information	Information identifies specific personal information.	Information identifies specific personal information.	There is no public benefit in disclosure of this information.
CP.02751 Murarrie Secondary Systems Replacement Pg 26, Pg 27, Pg 38, Pg 52	Substation operating/layout/network diagram	Capex	Information affecting the security of the network	The information identifies specific circuit switching and connection arrangements.	The information could be used by individuals / groups looking to disrupt electricity supplies	Powerlink's network is designated as critical national infrastructure by the Commonwealth Attorney Generals Department. There is no public benefit from Powerlink's network is designated as critical national infrastructure by the Commonwealth Attorney Generals Department. There is no public benefit from compromising security of the network.
CP.02751 Murarrie Secondary Systems Replacement Pg 19, Pg 20, Pg 21, Pg 22	Make / model of equipment / software	Capex	Information affecting the security of the network	The information identifies specific makes / models or communications systems that could be targeted by hackers.	The information could be used by individuals / groups looking to disrupt electricity supplies.	Powerlink's network is designated as critical national infrastructure by the Commonwealth Attorney Generals Department. There is no public benefit from compromising security of the network.
