Gavin Fox
General Manager – Network Pricing
Australian Energy Regulator
GPO Box 520
Melbourne VIC 3001

Dear Mr Fox,

Re: Victorian Transmission System – 2027 Reference tariff adjustment notification

Under section 4.6 of the current Access Arrangement for the Victorian Transmission System (VTS), APA VTS Australia (Operations) Pty Ltd (APA VTS) is required to provide the Australian Energy Regulator with an initial notification of any tariff adjustments to take effect on 1 January 2027 at least 50 business days before those adjustments are implemented.

APA VTS submitted an initial tariff notification on 20 October 2026 to meet that requirement. That notification had been prepared prior to receiving final winter demand figures from AEMO and publication of September Consumer Price Index (CPI) information by the Australian Bureau of Statistics.

APA VTS has updated the modelling now those figures are available.

Attachment A sets out the reference tariffs, calculated in accordance with the current Access Arrangement. The tariffs are presented in a format consistent with the tariff tables in the Access Arrangement.

Please contact me at [redacted] if you have any questions regarding this submission.

Yours sincerely,

[redacted]

Nives Matosin
Senior Regulatory Manager
