Re:-Upgrade of electricity supply 463-467 Warrigal Road, Moorabbin, Victoria

We are the lessee on the above site with our Aquamax business unit operating there. We wish to submit our concerns that the ongoing delays in reaching agreement on the upgrade of electricity to this site has caused ongoing disruption to our current production at a sizable cost since we have been a tenant.

We need an urgent ruling on this matter to avoid incurring additional production cost, lost productivity and imposition of a electricity supply agreement extending pass your lease term. We are also currently unable to progress with our possible expansion plans on this site and our continuing operation plans in Victoria have both been put on hold whilst we have been unable to guarantee electricity supply to our existing and future equipment.

Yours faithfully

.....  
David Cheeseman  
Group Development Manager - Finance
