### **RAAP Chapter 11: Reference Tariffs**

Submitted: 9 November 2012

## RAAP Chapter 11: Reference Tariffs

SP AusNet proposes to maintain its existing tariff structure for both its Haulage Reference Services and its Ancillary Reference Services. The structures and proposed indicative tariff levels for each tariff for the period commencing 1 July 2013 are outlined in the following tables. SP AusNet reserves the right to revise these tables for the period 1 July 2013 to 31 December 2013 in accordance with the AER's final decision.

In the event of inconsistency between information contained in this chapter and SP AusNet's Access Arrangement Information (AAI), the information contained in this chapter supersedes the AAI.
