Dear Kym

Regulated transmission tariffs – tariff statement for 1 July 2002 to 31 December 2002

I refer to your letter to the Commission dated 2 May 2001 relating to ElectraNet SA's proposed tariff statement for the period 1 July 2001 to 30 June 2002, under the South Australian Electricity Pricing Order (EPO).

The Commission, pursuant to section 5.4 of the EPO, approved ElectraNet SA's tariffs for the period 1 July 2001 to 31 December 2002, as outlined in Appendix A.

The tariffs are based on:

- the forecast demand, energy and revenue results provided in the application;
- the relevant schedules in the EPO; and
- ElectraNet SA's entitlement to four performance incentive points under the transmission Code Performance Incentive Scheme for the period 1 April 2001 to 31 March 2002.

The Commission reaffirms that it is willing to discuss with ElectraNet the possible handling of the current under-recovery and performance incentive bonus within the first six-months of the Commission's revenue cap decision.

If you wish to discuss this matter further, please do not hesitate to contact myself on (02) 6243 1249 or Rick Miles on (02) 6243 1342.

Yours sincerely
