General Manager Economic Regulation and External Policy
APT Pipelines (NT) Pty Limited

Dear Mr Bolding,

Re: Amadeus Gas Pipeline 2022-23 Tariff Variation Proposal

The AER has considered this matter and decided, in accordance with the provisions of Amadeus Gas Pipeline's (**Amadeus**) 2021–26 access arrangement, to approve Amadeus' proposed reference tariffs for the period 1 July 2022 to 30 June 2023.

The proposed reference tariffs were submitted to the AER on 13 April 2022.

The proposed tariffs are compliant with the Amadeus 2021–26 gas access arrangement. A Statement of Reasons is attached; this Statement will be published on our website in the coming days, alongside this letter and the approved tariff variation proposal.

Should you have any queries, please contact Paul Harrigan on [REDACTED].

Yours sincerely

[REDACTED]
