Dear Mr Collins

Re: Part 23 exemption - GLNG Lateral Pipeline (Scotia)

I refer to your application dated 1 February 2018 for an exemption under Part 23 of the National Gas Rules (NGR) for the pipeline between Scotia Compression Hub and the APLNG Transmission Pipeline (PPL 193).

The AER has assessed the application and supporting information and has determined to grant exemptions under Category 1 and Category 2, the exemptions to expire five years from the date of this letter.

As required by NGR rule 585(8), please notify the AER if circumstances change such that the pipeline no longer qualifies for the exemption.

Rule 585 requires the AER to maintain a public register of Part 23 exemptions. Fields marked with a (*) in your application of 1 February 2018 will be published on the register along with this response.

Please contact Sebastian Roberts, General Manager Network Expenditure (sebastian.roberts@aer.gov.au, 03 9290 1895) if we can assist further.

Yours sincerely

Sebastian Roberts
