Mr Mathew Cox  
Chief Executive Officer  
Macarthur Energy Retail Pty Ltd

Dear Mr Cox

### **Macarthur Energy Retail Pty Ltd application for electricity retailer authorisation**

Pursuant to the delegation given to me by the Australian Energy Regulator (AER), I have assessed Macarthur Energy Retail Pty Ltd.'s (Macarthur Energy) application for an electricity retailer authorisation and am satisfied that it complies with the requirements of s.92 of the National Energy Retail Law (Retail Law).

I advise that Macarthur Energy's application for electricity retailer authorisation is approved.

The AER must grant an application for a retailer authorisation if an applicant has satisfied the entry criteria:

- a) the organisational and technical capacity criterion—the applicant must have the necessary organisational and technical capacity to meet the obligations of a retailer;
- b) the financial resources criterion—the applicant must have resources or access to resources so that it will have the financial viability and financial capacity to meet the obligations of a retailer; and
- c) the suitability criterion—the applicant must be a suitable person to hold a retailer authorisation.<sup>1</sup>

In making its decision the AER is guided by the objective of the Retail Law.<sup>2</sup> The AER's decision is also informed by the assessment approach outlined in the AER's Retailer Authorisation Guideline. The AER consulted on Macarthur Energy's application and did not receive any submissions.<sup>3</sup>

The AER considers that Macarthur Energy has demonstrated its capacity and suitability to operate as an energy retailer under the Retail Law. Macarthur Energy is therefore authorised to sell electricity under the Retail Law, as it is adopted in each participating jurisdiction
