Dear Mr Anderson,

Re: SA Power Networks 2020-25 Regulatory Proposal

I refer to correspondence from SA Power Networks (SAPN) dated 2 December 2019 regarding SAPN's revised 2020-25 Regulatory Proposal to the Australian Energy Regulator (AER).

Following a request for submissions, Adelaide Plains Council (APC) provides this letter to support SAPN's revised 2020-2025 Regulatory Proposal, on the basis that the Low Reliability Feeder Program will benefit 1,769 SAPN customers in the APC area.

Yours sincerely

James Miller
Chief Executive Officer
