

Negotiating Framework Table of Compliance

Clause	Requirement	Addressed in Proposed Negotiating Framework
Purpose	The purpose of this table is to demonstrate compliance of ElectraNet’s proposed Negotiating Framework with the minimum information requirements specified in section 5.2 of the AER’s Submission Guidelines.	
5.2(b)	TNSP must provide a description of the nature of the negotiated service including details of what the TNSP would provide as part of that service	6.1.1
5.2(c)	Requirement to negotiate in good faith	2.1
5.2(d)	TNSP must provide all commercial information that service applicant may require to engage in effective negotiation	6.1
5.2(e)	Negotiating Framework must identify and inform service applicant as to reasonable costs incurred in providing service and must demonstrate to service applicant that charges reflect costs incurred in providing service	6.1.3
5.2(f)	Costs must be determined in accordance with approved cost allocation methodology	Definition of Costs in clause 13
5.2(g)	TNSP must provide terms and conditions upon which the services will be provided	6.1.2
5.2(h)	Negotiating Framework must specify a requirement for service applicant to provide all commercial information as TNSP may reasonably require to allow TNSP to engage in effective negotiation	4.1, 4.2, 4.3, 5.1, 5.2.
5.2(i)(1)	Negotiating Framework must specify a requirement for TNSP to provide a reasonable period of time for commencing, progressing and finalising negotiations as to the price for the services	3.1, 3.3, 3.4, Table 1.
5.2(i)(2)	Negotiating Framework must specify a requirement for each party to use reasonable endeavours to adhere to specified time periods during negotiation	3.3.2
5.2(j)	Must provide that all disputes are to be dealt with in accordance with schedule 6A.3 of the National Electricity Rules	9.1
5.2(k)	Must allow for payment by the service applicant of TNSP’s reasonable direct expenses incurred in processing application to provide the service	10.1 – 10.5.
