# Statement of compliance with section 71YA NEL

2020-2025  
Regulatory Proposal  
January 2019

29 January 2019

**RE SA Power Networks Reset Regulatory Information Notice Schedule 1, section 35.1**

As required by section 35.1 of Schedule 1 to the Australian Energy Regulator's 31 October 2018 Regulatory Information Notice to SA Power Networks, we attest that where any expenditure or cost has been incurred or is forecast to be incurred by SA Power Networks, as a result of or incidental to a review under Division 3A – Merits review and other non-judicial review – of the National Electricity Law (NEL):

- SA Power Networks has not included any of that expenditure or cost, or any part of that expenditure or cost, in its capital or operating expenditures for a network revenue or pricing determination; and
- SA Power Networks has not recovered any of that expenditure or cost, or any part of that expenditure or cost, from end users; and
- SA Power Networks has not sought to pass through any of that expenditure or cost, or any part of that expenditure or cost, to end users.

Where no expenditure or cost has been incurred or is forecast to be incurred by SA Power Networks, as a result of or incidental to a review under Division 3A – Merits review and other non-judicial review – of the NEL, we attest no such expenditure or cost has been incurred or is forecast to be incurred.

Yours sincerely

Doug Schmidt  
General Manager Regulation
