Dear Chris

### **2020 ELECTRICITY NETWORK TARIFF SUBMISSION**

Please find enclosed the proposed Electricity Network tariffs, Prescribed Metering Service charges and Public Lighting Excluded Service charges for AusNet Electricity Services Pty Ltd (AusNet Services) electricity network customers for the period from 1 January 2020 to 31 December 2020.

AusNet Services' tariffs and charges have been adjusted in accordance with the requirements of the Australian Energy Regulator's Electricity Distribution Price Review 2016-20 (Price Determination) dated 26 May 2016, Final decision: AusNet Services (distribution) 2016-20.

The overall changes to tariffs compared to 2019 are due to inflation, approved revenues to fund the continued delivery of a legislated bushfire safety program (known as REFCLs), and pass through transmission charges.

The following items are included with this letter:

- The 2020 Annual Tariff Proposal;
  - Schedules of the tariffs and charges are included as Attachments;
  - AusNet Services 2020 Tariff Approval Model;
- The 2020 Public Lighting Excluded Service Charges;
- The 2020 Alternative Control Services Charges;
- Forecasting Methodology; and
- Standalone and Avoidable Cost Model.

Should you have any queries on the attached material, please do not hesitate to contact Edwin Chan on (03) 9695 6347 or by email at [edwin.chan@ausnetservices.com.au](mailto:edwin.chan@ausnetservices.com.au).
