

## Confidentiality Claims

Title, page and section containing confidential information.	Description of the confidential information.	Topic the confidential information relates to.	Confidentiality category information falls within.	Brief explanation of why the confidential information falls into the selected category.	Specify reasons supporting how/why disclosure of information would cause detriment.	Reasons supporting why identified detriment is not outweighed by the public benefit (such as the effect on long term interests of consumers).
<b>Revenue Proposal</b> Section 4 pg 80 (out of 258 pages)	Commercial in confidence information about supplier contracts	Capex	Market Sensitive Cost Inputs	Information contains details on current suppliers' contract	Disclosure will effect both supplier's market position and AusNet Services ability to obtain competitive prices in the future	Little public benefit or consumer interest in supplier contracts details
<b>Revenue Proposal</b> Section 9.6 pg 194, 195, 196 Section 9.7 pg 197 Section 9.8 pg 200 Section 9.9 pg 205 (out of 258 pages)	Unit rates, the multiplier and cost related information	Depreciation	Market Sensitive Cost Inputs	Cost information may affect AusNet Services' ability to obtain a competitive price in future infrastructure transactions, such as tender processes for projects	Provision of this information will compromise competitive tender processes	It is in consumer's interest to deliver projects at the lowest possible cost. Provision of cost information compromises AusNet Services' ability to source these services competitively
<b>Revenue Proposal</b> Section 12.4.6.2 pg 237, 238 (out of 258)	Type and level of insurance cover; and risk mitigation of cyber attacks	Cost Pass through	Information affecting the security of the network	This information in the public domain would be of concern as it relates to the security of the network	Disclosure could increase the vulnerability of the network to, and increase the risk of, cyber attacks	It is in consumers' interest that the network remains secure and reliable

Title, page and section containing confidential information.	Description of the confidential information.	Topic the confidential information relates to.	Confidentiality category information falls within.	Brief explanation of why the confidential information falls into the selected category.	Specify reasons supporting how/why disclosure of information would cause detriment.	Reasons supporting why identified detriment is not outweighed by the public benefit (such as the effect on long term interests of consumers).
<b>RIN Workbook 8</b> Section 8.2.7 tab 4 (out of 4 tabs)	Commercial in confidence information	Capex	Market Sensitive	Detailed annual tax returns are not public knowledge by taxpayers	Disclosing this information could result in readers misinterpreting position of expensing these items	Little public benefit and risk of public misinterpretation of information
<b>Appendix 1B - Related Party Arrangements</b> Section 2.3.1 pg 5 (out of 6 pages)	Commercial in confidence information about supplier contracts	Capex and Opex	Market Sensitive Cost Inputs	Information contains details on current suppliers' contracts	Disclosure will effect both supplier's market position and AusNet Services ability to obtain competitive prices in the future.	Little public benefit or consumer interest in supplier contracts details
<b>Appendix 1B - Related Party Arrangements</b> Section 3 pg 5, 6 (out of 19 pages)	Commercial in confidence information about insurance arrangements	Insurance arrangements (opex)	Market Sensitive Cost Inputs / Strategic Information	This information contains details about our current insurance arrangements	Disclosure may affect our ability to put in place cost effective insurance arrangements in the future and may compromise our cover	Little public benefit or consumer interest in this information
<b>Appendix 4A – Unit Rates</b> Unit cost information in the 'Cost' columns of the following tables	Cost related information	Capex	Market Sensitive Cost Inputs	Cost information may affect AusNet Services' ability to obtain a competitive price in future infrastructure	Provision of this information will compromise competitive tender processes	Interests of the consumer to deliver projects at the lowest possible cost. Provision of cost information compromises AusNet Services' ability to source services competitively

Title, page and section containing confidential information.	Description of the confidential information.	Topic the confidential information relates to.	Confidentiality category information falls within.	Brief explanation of why the confidential information falls into the selected category.	Specify reasons supporting how/why disclosure of information would cause detriment.	Reasons supporting why identified detriment is not outweighed by the public benefit (such as the effect on long term interests of consumers).
<p>Tables 3.1.3 Pg 7, 8,  Tables 3.1.4 Pg 8  Tables 3.1.5 Pg 8, 9  Tables 3.1.6 Pg 9  Table 3.2.1 Pg 9, 10  Table 3.2.2 Pg 10  Tables 3.3.3 Pg 11, 12, 13  Table 3.4.3 pg 14  Table 3.4.4 Pg 14  Table 3.4.5 Pg 15  Table 3.4.6 Pg 15  Table 3.4.6 Pg 15 (out of 16 pages)</p>				<p>transactions, such as tender processes for projects</p>		
<p><b>Appendix 4C – ICT Strategy</b>  Figure 2-3, Pg 9  Figure 2-4, Pg 10 Pg 11  Table 2-6, Pg 12 Pg 24  Figure 4-4, Pg 26 Pg 34  Table 6-5, Pg 40, 41  Figure on Pg 46  Appendix Pg 47, 48, 49</p>	<p>Cost related information  Strategic build up  Cyber security  ERP strategic directions</p>	<p>Capex and Opex  Detail scope  Benefits valuation  Future strategic requirements</p>	<p>Market Sensitive cost inputs  Strategic information  Information relating to the security of the IT system and network</p>	<p>The cost and strategic information may affect AusNet Services' ability to obtain a competitive price in future tender processes for projects  Cyber security strategy information - prefer not to be disclosed</p>	<p>Provision of this information could compromise competitive tender processes and consulting services engagement hire</p>	<p>It is in consumer's interest to deliver projects at the lowest possible cost. Provision of cost information compromises our ability to source these services competitively. The likely outcome of the information being made public is that the business may face higher costs, which would not be in the long-term interests of consumers. The publication of the information does not limit stakeholders to assess and understand the substance of all issues arising from the business's information.</p>

Title, page and section containing confidential information.	Description of the confidential information.	Topic the confidential information relates to.	Confidentiality category information falls within.	Brief explanation of why the confidential information falls into the selected category.	Specify reasons supporting how/why disclosure of information would cause detriment.	Reasons supporting why identified detriment is not outweighed by the public benefit (such as the effect on long term interests of consumers).
Investment 'column' in tables on pages 52, 53, 54, 55 (out of 58 pages)						Further, there is no public benefit to be gained from the disclosure of the information
<b>Appendix 5C 5-minute Settlement Quote</b> Pg 1 (out of 1 page)	Commercial in confidence contract information	Opex	Market Sensitive Cost Inputs	Information contains sensitive details on supplier contractual arrangements	Disclosure will affect both supplier's market position and AusNet Services ability to obtain competitive prices in the future	Little public benefit or consumer interest in supplier contracts details
<b>Appendix 7B NCIPAP Attachment 1 (Excel file)</b> Tab 2 (except columns Y, Z and AA); and Tab 3 (except columns M, N and O)	Lists every transmission circuit and injection point on network	Incentive Schemes	Information affecting the security of the network	Comprehensive nature and level of detail provided in this data poses a security concern	If this information is publicly available, it could facilitate those seeking to compromise network security, including through physical attacks	This document lists every transmission circuit and injection point on AusNet Services' network
<b>Appendix 10A – Averaging period letter</b> Pages 2, 3 and 4 (out of 4 pages)	Dates provided identify the debt data averaging periods for use in	Rate of Return	Market Sensitive cost inputs	Information identifies the businesses debt data averaging periods for all years of the 2017-22 regulatory period	If the periods were publicly disclosed, this is likely to compromise the business' ability to raise	The likely outcome of the information being made public is that the businesses costs would rise which would not be in the long-term interests of consumers. Accordingly, the publication of the information does not provide any detriment

Title, page and section containing confidential information.	Description of the confidential information.	Topic the confidential information relates to.	Confidentiality category information falls within.	Brief explanation of why the confidential information falls into the selected category.	Specify reasons supporting how/why disclosure of information would cause detriment.	Reasons supporting why identified detriment is not outweighed by the public benefit (such as the effect on long term interests of consumers).
	determining the rate of return.				debt or hedge coverage within the averaging period on an efficient basis because other debt market participants would become aware that the business had an incentive to try and obtain a large quantity of debt or hedge coverage in that limited period	to stakeholders in their ability to assess and understand the substance of all issues arising from the business's information. Further, there is no public benefit to be gained from the disclosure of the information
<b>Appendix 12A Insurance Certificate of Currency</b> pg 1 (out of 1 page)	Type of insurance and policy number, only	Commercial in confidence contract information	Information affecting the security of the network	This information in the public domain would be of concern as it relates to the security of the network	Disclosure could increase the vulnerability of the network to, and increase the risk of, cyber attacks	It is in consumers' interest that the network remains secure and reliable
<b>Model Document Asset Valuation Model (Insulators and Instrument Transformers Already Decommissioned)</b>	Unit rates and the multiplier.	Capex	Market Sensitive Cost Inputs	Cost information may affect AusNet Services' ability to obtain a competitive price in future infrastructure transactions, such as tender	Disclosure will affect both supplier's market position and AusNet Services' ability to obtain competitive prices in the future.	Interests of the consumer to deliver projects at the lowest possible cost. Provision of cost information compromises AusNet Services' ability to source services competitively.

Title, page and section containing confidential information.	Description of the confidential information.	Topic the confidential information relates to.	Confidentiality category information falls within.	Brief explanation of why the confidential information falls into the selected category.	Specify reasons supporting how/why disclosure of information would cause detriment.	Reasons supporting why identified detriment is not outweighed by the public benefit (such as the effect on long term interests of consumers).
Tabs 1, 2, 3, 4, 5, 6, 7, 8 (out of 8 tabs)				processes for projects.		
<b>Model Document Asset Valuation Model (Insulators and Instrument Transformers Decommissioned 23-27)</b> Tabs 1, 2, 3, 4, 5, 6, 7, 8 (out of 8 tabs)	Unit rates and the multiplier.	Capex	Market Sensitive Cost Inputs	Cost information may affect AusNet Services' ability to obtain a competitive price in future infrastructure transactions, such as tender processes for projects.	Disclosure will affect both supplier's market position and AusNet Services ability to obtain competitive prices in the future.	Interests of the consumer to deliver projects at the lowest possible cost. Provision of cost information compromises AusNet Services' ability to source services competitively.
<b>Model Document Asset Valuation Model (Insulators and Instrument Transformers Remaining Balance)</b> Tabs 1, 2, 3, 4, 5, 6, 7, 8 (out of 8 tabs)	Unit rates and the multiplier	Capex	Market Sensitive Cost Inputs	Cost information may affect AusNet Services' ability to obtain a competitive price in future infrastructure transactions, such as tender processes for projects.	Disclosure will affect both supplier's market position and AusNet Services ability to obtain competitive prices in the future.	Interests of the consumer to deliver projects at the lowest possible cost. Provision of cost information compromises AusNet Services' ability to source services competitively.
<b>Model Document Transmission Lease Accounting</b> Tabs 1, 2, 3, 4, 5, 6, 7 (out of 7 tabs)	Commercial in confidence lease contract information	Capex	Market Sensitive Cost Inputs	Information contains sensitive details on supplier contractual arrangements	Disclosure will affect both supplier's market position and AusNet Services	Little public benefit or consumer interest in supplier contracts details

Title, page and section containing confidential information.	Description of the confidential information.	Topic the confidential information relates to.	Confidentiality category information falls within.	Brief explanation of why the confidential information falls into the selected category.	Specify reasons supporting how/why disclosure of information would cause detriment.	Reasons supporting why identified detriment is not outweighed by the public benefit (such as the effect on long term interests of consumers).
					ability to obtain competitive prices in the future	
<b>Model Document Growth Assets calculation</b> Tabs 1, 2, 3, 4, 5, 6 (out of 6 tabs)	Commercial in confidence contract information	Opex	Market Sensitive Cost Inputs	Information contains sensitive details on customer contractual arrangements	Disclosure will affect both customer's market position and AusNet Services ability to negotiate efficient contractual arrangements with future customers	Little public benefit or consumer interest in customer contracts details
<b>Technical Document ICT Program Brief Corporate Enablement</b> Section 2 pg 4, 5, 6 Section 3 pg 8, 9, 10 Section 4 pg 13, 15, 17, 18, 19, 21, 22, 23, 24, 25, 26 Section 5 pg 27, 29 (out of 31 pages)	<ul style="list-style-type: none"> <li>- Cost related information</li> <li>- Strategic build up</li> <li>- Program scope</li> <li>- Strategy business drivers and work stream benefits</li> </ul>	<ul style="list-style-type: none"> <li>- Capex and Opex</li> <li>- Detail scope</li> <li>- Benefits valuation</li> </ul>	<ul style="list-style-type: none"> <li>- Market sensitive cost inputs</li> <li>- Strategic information</li> </ul>	The cost and strategic information may affect AusNet Services' ability to obtain a competitive price in future tender processes for projects	Provision of this information could compromise competitive tender processes and consulting services engagement hire	It is in consumer's interest to deliver projects at the lowest possible cost. Provision of cost information compromises our ability to source these services competitively. The likely outcome of the information being made public is that the business may face higher costs, which would not be in the long-term interests of consumers. The publication of the information does not limit stakeholders to assess and understand the substance of all issues arising from the business's information.
