Ausgrid attendees	• Matt Sweeting, Head of Contract Delivery • Jeff Debono, Network compliance and Authorisations Manager • Kevin Smith, Senior Manager Customer Operations • Adam Pitt, Field Manager - Central • Craig Booth, Senior Compliance Project Officer • Wayne Griffith, Connections Support Officer • Matthew Hindson, senior Manager Customer Connections	• Daniel Pike, Project Officer • Mark Barclay, GIS Data Maintenance Business Analyst • Drew Hamilton, Regulatory Reset Analyst • Fiona McAnally, Regulatory Analytics Manager • Kate Hawke, Customer Engagement Manager Regulation Determination • Linda Quan, customer Communications Officer • Saizad Ali, Data Maintenance Manager
What we did	• This was a regular forum to provide information on policy/compliance and system (Pegasus) updates. The regulation team presented two slides to inform the ASP1s that the regulatory reset was happening, with a brief reminder of how fees are set and that feedback would be sought to inform the process. Some questions were included in the post-forum survey, which was sent out on 26 May (responses to survey expected sometime in June).	•
