## 1. Introduction

Part G of Chapter 6 of the National Electricity Code (the Code) requires the Australian Competition and Consumer Commission (ACCC) to develop Transmission Ring-Fencing Guidelines. The ACCC published its Transmission Ring-Fencing Guidelines on 15 August 2002.

The Transmission Ring-Fencing Guidelines require Transmission Network Service Providers (TNSPs) to provide certain financial statements and compliance reports at intervals determined by the ACCC and in accordance with any guidelines issued by the ACCC. This document sets out the Reporting Guidelines that the ACCC proposes to make under the Transmission Ring-Fencing Guidelines.

## 2. Process

Submissions on the (Draft) Reporting Guidelines can be sent electronically to: [electricity.group@acc.gov.au](mailto:electricity.group@acc.gov.au). Alternatively, written submissions or submissions on disk, in Word 7.0 compatible format, can be sent to:

Mr Michael Rawstron  
General Manager  
Regulatory Affairs - Electricity  
Australian Competition and Consumer Commission  
PO Box 1199  
DICKSON ACT 2602

Fax: (02) 6243 1199

Any submissions received by the ACCC will be placed on the ACCC's website, except for commercial-in-confidence or other confidential material that may be provided as part of a submission. Authors of submissions should clearly mark any material that is to be treated as confidential or indicate clearly if they do not wish their submission to be made public.

Submissions should be provided by **Wednesday 28 August 2002**. The ACCC intends to issue a final version of the Reporting Guidelines prior to the obligations in the Transmission Ring-Fencing Guidelines taking effect on 1 November 2002. However, the ACCC will consider any application for an extension of time within which to provide a submission, or a further draft decision.

## 3. Transmission Ring-Fencing Guidelines: Reporting Obligations

### 3.1 Accounting Requirements

Under clauses 7.3, 7.4 and 7.5 of the Transmission Ring-Fencing Guidelines, a TNSP that provides ring-fenced services must:

- establish and maintain a separate set of accounts for (a) the provision of ring-fenced services; and (b) its entire business;
- allocate any costs that are shared between the provision of ring-fenced services and any other activity; and
- if the TNSP is part of an economic entity, ensure that a separate set of accounts for the provision of ring-fenced services by that economic entity is established and maintained.

The accounts must be prepared in accordance with any guidelines that apply to the TNSP under clause 8 of the Transmission Ring-Fencing Guidelines. Clause 8 provides that the ACCC may publish accounting guidelines or, if the ACCC has not published any such guidelines, the TNSP may prepare accounting guidelines for approval by the ACCC. Under clause 14, the accounts referred to in clauses 7.3, 7.4 and 7.5 must be provided to the ACCC at least once a year or at reasonable intervals determined by the ACCC.

### **3.2 Compliance Procedures**

Clause 12 of the Transmission Ring-Fencing Guidelines requires a TNSP to establish and maintain appropriate internal procedures to ensure it complies with its obligations under the Guidelines. Under clause 13, a TNSP must report to the ACCC, at reasonable intervals determined by the ACCC:

- describing the measures taken by the TNSP to ensure compliance with its obligations under the Transmission Ring-Fencing Guidelines; and
- providing an accurate assessment of the effect of those measures.

## **4. Reporting Guidelines: ACCC's Approach**

Under clause 6.2.5 of the Code, a TNSP must submit certified annual financial statements to the ACCC in a form and by a date determined by the ACCC. The statements may be used by the ACCC to, amongst other things, monitor compliance with the revenue cap, assess the allocation of costs, and determine future revenue caps. In addition, the ACCC may require the TNSP to provide other information or undertake an audit.

On 5 June 2002, the ACCC released its *Statement of Principles for the Regulation of Transmission Revenues: Information Requirements Guidelines* (Information Requirements Guidelines). The Information Requirements Guidelines set out a TNSP's reporting obligations under clause 6.2.5 of the Code.

As indicated in the introduction to the Transmission Ring-Fencing Guidelines, the ACCC does not, at this stage, propose to publish accounting or auditing guidelines that impose obligations in addition to those applying to TNSPs under clause 6.2.5 of the Code. In preparing the (Draft) Reporting Guidelines, the ACCC has also considered the matters set out in clause 6.20.2(d) of the Code. Accordingly, the objective of the (Draft) Reporting Guidelines under clauses 8, 13 and 14 of the Transmission Ring-Fencing Guidelines is to ensure that the obligations imposed on TNSPs under clauses 7.3, 7.4, 7.5 and 13 of the Transmission Ring-Fencing Guidelines are consistent with the obligations under the Information Requirements Guidelines.
