Subject: RE: Energex's application under the streamlined waiver process

Hi Gillian

Thanks again for your time yesterday. I can confirm Energex will own the assets and in relation to the co-funding model, Energy Queensland and Origin Energy jointly funded the project, \$5m each, and at this stage the leasing arrangements in terms of costs have not been discussed. However, the ongoing costs and benefits related to the project intend to be split equally between the parties.

Please do not hesitate to contact me if you have any questions.

Thanks again [REDACTED]
