Dear Mr Anderson

**Request for the AER to determine how Integral Energy is to report to the AER on the recovery of *Jurisdictional Scheme Amounts* in respect of the NSW Solar Bonus Scheme**

In accordance with clause 6.18.7C(g) of Transitional Chapter 6 of the National Electricity Rules (NER), Integral Energy is writing to the AER to request a determination as to how Integral Energy is to report the recovery of Jurisdictional Scheme Amounts, specifically in respect to the NSW Solar Bonus Scheme, which is recognised as a Jurisdictional Scheme in clause 6.18.7A(e)(2) of the NER.

Integral Energy has specified the matters required to be submitted to the AER in accordance with Transitional clause 6.18.7C(g) of the NER in the written statements and accompanying excel spreadsheet attached to this request.

Recognising that this is the first time that Integral Energy is making such a request of the AER, we are keen to work with you and your staff to ensure that the AER has all relevant information and assistance from Integral Energy to make your determination. To facilitate this, it may be advantageous to host an initial meeting to discuss the determination process and nominate relevant contacts within each organisation to facilitate the exchange of information and ideas.

The outcome of the AER's determination on this request will form the basis of the Jurisdictional Scheme Amounts included in the next Network Pricing Proposal, due to be lodged with the AER by 29 April 2011.

Should you have any questions in relation to this request please contact our Manager, Network Regulation, Mr Mike Martinson on (02) 9853 4375.

Yours sincerely

Vince Graham  
Chief Executive Officer
