30 December 2013

Chris Pattas
General Manager – Network Operations and Development
Australian Energy Regulator
GPO Box 520
MELBOURNE VIC 3001

Dear Chris

PROJECTS COMMENCED UNDER THE REGULATORY TEST

In accordance with Clause 11.50.5(c) of the National Electricity Rules, each network service provider (NSP) is required to submit to the Australian Energy Regulator (AER), by 31 December 2013, a list of projects which they consider should fall under the Regulatory Test. To facilitate this, the AER has, in the Regulatory investment test for distribution Application Guidelines, provided NSPs with guidance on when the AER would consider that an NSP has commenced assessing a project under the Regulatory Test.

Ergon Energy, in its capacity as a Distribution Network Service Provider in Queensland, has considered the AER's guidance and provides the attached list of projects which it considers meet the requirements of a project which has commenced under the Regulatory Test (refer Table 1 Attachment A).

Should you require additional information or wish to discuss these projects, please do not hesitate to contact either myself on (07) 3851 6416 or Trudy Fraser on (07) 3851 6787.

Yours sincerely

A handwritten signature in black ink, appearing to read 'Jenny Doyle'.

Jenny Doyle
Group Manager Regulatory Affairs
