

13 January 2021

Mr Sebastian Roberts
General Manager
Australian Energy Regulator
GPO Box 520
Melbourne VIC 3001

Dear Mr Roberts

Evoenergy revised gas network access arrangement proposal 2021–26

Evoenergy is pleased to submit the attached revised access arrangement proposal for the 2021–26 period (referred to as our revised GN21 plan) in accordance with the National Gas Rules.

Our revised GN21 plan responds to the Australian Energy Regulator's (AER's) draft decision on Evoenergy's access arrangement for the period from 1 July 2021 to 30 June 2026 and provides revisions to our proposal where we have considered these necessary to address matters raised in the AER's draft decision, or to take account of new information and changes in circumstances.

Our team would welcome the opportunity to continue to discuss these revisions with the AER ahead of the final decision being made and will continue to liaise with your officers to facilitate this.

Please contact Philip Deamer, General Manager Economic Regulation, on [REDACTED] to discuss any aspect of our revised GN21 plan.

Yours sincerely

[REDACTED]
John Knox
Chief Executive Officer
