

### General exemptions from the requirement to register as a network service provider

NECA has granted the following general exemptions from the requirement to register as a network service provider. Organisations that fall within one of these general exemptions do not need to make an application for a specific exemption.

Class of network owner or operator	Description	Conditions
Caravan parks	Mobile home parks, caravan parks, Areas where space is rented for a mobile or semi-mobile dwelling, where the provision of power is part of the contract of rental.	A mechanism establishing the maximum price for on-selling of energy must be in place.
Office buildings	Large complexes where floors or individual offices are rented or leased on a short or long term basis, and electricity is supplied as part of the building infrastructure and either separately metered or charged on a basis agreed at the time of the lease.	A mechanism establishing the maximum price for on-selling of energy must be in place.
Flats/apartments	Groups of individual dwellings sharing common walls where electricity is reticulated as part of the building infrastructure.	Where the network is supplied at no cost or a nominal fee and either: <ol style="list-style-type: none"> <li>1. access to retailers is available to occupiers; or</li> <li>2. electricity is made available on terms negotiated as part of the purchase or hiring arrangement and a mechanism exists for setting the maximum price.</li> </ol>

Class of network owner or operator	Description	Conditions
Units	Groups of individual dwellings on a common or shared title.	<p>Where the network is supplied at no cost or a nominal fee and either:</p> <ol style="list-style-type: none"> <li>1. access to retailers is available to occupiers; or</li> <li>2. electricity is made available on terms negotiated as part of the purchase or hiring arrangement and a mechanism exists for setting the maximum price.</li> </ol>
Industrial parks	Large areas where land and buildings are leased.	<p>Where:</p> <ol style="list-style-type: none"> <li>1. the network is supplied at no cost or a nominal fee and access to retailers is available to tenants; and</li> <li>2. standards for the network are agreed with the local network service provider</li> </ol>
Shopping centres	Groups of shops and offices owned by a single entity or sharing a title where electricity is reticulated as part of the building infrastructure	<p>Where the network is supplied at no cost or a nominal fee and either:</p> <ol style="list-style-type: none"> <li>1. access to retailers is available to tenants; or</li> <li>2. electricity is made available on terms negotiated as part of the hiring arrangement and a mechanism exists for setting the maximum price.</li> </ol>
