Dear Blair

Transitional Rule in relation to the transition from the regulatory test to the regulatory investment test for distribution

This letter is to inform the Australian Energy Regulatory (**AER**) that Jemena Electricity Networks' (**JEN**) has not commenced assessing any project under the regulatory test in 2013. Clause 11.50.5 of the National Electricity Rules provides for the transition from the *regulatory test* to the *regulatory investment test* for distribution. Clause 11.50.5(c) specifically requires:

'By 31 December 2013, each *Network Service Provider* that has commenced assessing a project under the regulatory test must submit to the *AER* a list of those projects.'

This information is noted in JEN's Annual Distribution Planning Report 2013, which can be found on our website¹. Section 5 of the report (page 86) notes:

"5.1 New network investments for which regulatory test is in progress

Jemena has no new network investments for which the regulatory test is in progress.

If you have questions in relation to this matter, please contact me on (03) 8544 9442 or by email siva.moorthy@jemena.com.au.

Yours sincerely

A handwritten signature in black ink that reads "Siva Moorthy".

Siva Moorthy
Manager Network Regulation and Strategy
