Dear Mr de Laine

Re: Extension of time limits for AGN access arrangement review 2023–28

The Australian Energy Regulator (AER) will publish its draft decision on Australian Gas Networks' (AGN) 2023–28 access arrangement proposal on 9 December 2022. AGN's revised proposal is due by 24 January 2023. Stakeholder submissions will be invited by 23 February 2023.

Pursuant to rule 11(1)(c) of the National Gas Rules, the AER has made a decision to disregard the periods allowed for submissions on AGN's access arrangement proposal, the AER's draft decision and AGN's revised proposal, so that these will not be counted towards the decision-making time for the AER's final decision on this access arrangement. We expect to release that final decision in early May 2022.

This notice is given pursuant to rule 11(2)(a) of the National Gas Rules and will be published on the AER website as required by rule 11(2)(b).

If you have any queries about this matter please contact Slavko Jovanoski at [...].

Yours sincerely

Arek Gulbenkoglou
General Manager Network Expenditure
