7 Objectives of Agreement

7.1 The parties acknowledge:

- (a) that a cooperative approach is necessary to effectively implement this Agreement;
- (b) that continuous improvement strategies, such as improved human resource practices, flexibility in working arrangements and work methods, skills enhancement, individual development, professional development programs, network and asset growth, and new business opportunities, are necessary to ensure the efficiency and productivity of PWC, whilst at the same time improving and maintaining ongoing employment opportunities, and specifically employment security; and

- (c) the need to jointly examine and consider all options when pursuing improvement strategies to ensure the achievement of the most cost effective and productive outcomes.
- 7.2 The parties will continue to strive towards productivity improvements during the life of this Agreement, including:
- (a) zero harm to all employees;
 - (b) improved quality of service;
 - (c) more responsive solutions to client demands;
 - (d) more cost effective management and work practices;
 - (e) better use of employees' skills;
 - (f) improved accountability, governance and administrative arrangements;
 - (g) improved access to and use of new technologies; and
 - (h) commitment to and achievement of organisational strategic objectives.

8 Code of Conduct

Employees are required to undertake their duties, having regard to the PWC Code of Conduct. PWC will make a copy of the PWC Code of Conduct available to each new employee as part of the employee's induction.

9 Safety, Health, Welfare, Discrimination and Workloads

- 9.1 This clause sets out the parties commitments to the following fundamental principles and acknowledges their importance in:
- (a) ensuring a safe and satisfying work environment for employees; and
 - (b) enabling the employer to meet its statutory obligations and strategic corporate objectives.
- 9.2 The parties are committed to achieving and maintaining a safe and healthy work environment through ongoing compliance with PWC Safety Management System. In acknowledgement of PWC's goal of "Zero Harm" and consistent with its Corporate safety values, both the employer and its employees will take all reasonably practicable measures to prevent injuries in the workplace, and to promote the health, safety and welfare of employees and others, including:
- (a) ensuring that all safety equipment purchased by PWC complies with relevant Australian Standards;
 - (b) continuation of appropriate mandated safety training;
 - (c) provision of appropriate safety training and resources for members of safety committees;
 - (d) monitoring of employees' working hours and utilisation of options to ensure that hours do not reach a level that compromises health and safety including:
 - (i) a commitment that no employee be expected to work beyond 16 hours without a rest period (or such lesser hours as are considered appropriate having regard to agreed guidelines relating to fatigue management, as varied from time to time);
 - (ii) redesign of work processes;
 - (iii) review of organisational structures;
 - (iv) training and development; and
 - (v) employee resources within immediate and related work areas.
- 9.3 The parties are committed to achieving and maintaining a safe and healthy work environment, free from inappropriate workplace behaviour, discrimination, and bullying, and will take all reasonably practicable steps to:
- (a) foster a culture of respect in the workplace; and

- (b) ensure employees are treated appropriately and not subject to bullying.
- 9.4 The parties are committed to achieving an appropriate work life balance. Whilst recognising that there may be unavoidable peak work periods which result in increased workloads and overtime levels, the parties support the principle that PWC is sufficiently resourced to enable employees to perform their job within their ordinary hours plus any reasonable additional hours. To enable this, the employer will monitor workloads and staffing levels and implement such strategies as are necessary to facilitate reasonable workloads.
- 9.5 In the event that an employee experiences ongoing and sustained workload issues, corrective action will be agreed between the employee and PWC as follows:
 - (a) the employee will approach his or her manager at first instance to discuss options for resolving the matter (eg: additional training, resourcing, time off in lieu); and
 - (b) if no resolution is agreed within three (3) months, the matter will be escalated to the Executive Manager Corporate Services for further consideration.
- 9.6 In addition, overall workload trends may be reported to the JCC.

10 Employment Security

- 10.1 While recognising that reorganisation and changes to staff numbers arising from various factors are occurring within PWC, the parties agree that there will be no involuntary redundancies and no job losses arising directly from the implementation of this Agreement.
- 10.2 The agreement in sub-clause 10.1 to have no involuntary redundancies depends upon the mutual agreement to reasonable retraining and re-deployment to a position which is equivalent in status and remuneration within an employee's current locality to the extent that would not require a move of residence or travel further than a fifty kilometre radius of his/her original work location.
- 10.3 In recognition of its commitment to employment security, PWC will use natural attrition, redeployment, and voluntary redundancy as the principal mechanisms should any decrease in workforce size be necessary during the life of this Agreement.
- 10.4 Variations to the principal mechanisms referred to in sub-clause 10.3 will be negotiated and agreed between the parties as required.

11 Redeployment and Redundancy

- 11.1 The provisions of **Attachment 4** Northern Territory Public Sector Redeployment and Redundancy Entitlements do not apply in transfer of business or transfer of employment situations where work of PWC is transferred or outsourced to another employer and the employee is offered employment with the second employer to perform the same or substantially similar work.
- 11.2 The National Employment Standard of the FW Act contains minimum entitlements relating to redundancy pay, including in transfer of business or transfer of employment situations. The FW Act provisions state, among other things, that redundancy pay does not apply in these situations if:
 - (a) the second employer recognises the employee's service with PWC; or
 - (b) the employee rejects an offer of employment made by the second employer that:
 - (i) is on terms and conditions substantially similar to, and considered on an overall basis, no less favourable than, the employee's terms and conditions of employment with PWC immediately before termination; and
 - (ii) recognises the employee's service with PWC,

unless the FWC is satisfied that this would operate unfairly to the employee who rejected the offer, in which case, upon application, the FWC may order PWC to pay the employee a specified amount of redundancy pay.

12 Period of Operation

- 12.1 This Agreement will commence 7 days after it is approved by the FWC ("the commencement date") and will have a nominal expiry date of 15 July 2018.
- 12.2 The parties agree to commence negotiations for a replacement enterprise agreement, at least four (4) months prior to the expiry of this Agreement, or earlier or later by agreement between the parties to the Agreement.

13 No Extra Claims

- 13.1 This Agreement constitutes a final settlement of the parties' claims.
- 13.2 The parties agree that they will not for the period from commencement of this Agreement until its expiry, make claims for the making of a further agreement, whether in relation to matters dealt with in this Agreement or otherwise.

PART B - CONSULTATION AND DISPUTE RESOLUTION

 - (c) The parties to a dispute must genuinely attempt to resolve the dispute through the processes set out in this clause and must co-operate to ensure that these processes are carried out expeditiously.
 - (d) Whilst a dispute is being dealt with in accordance with this clause, work must continue in accordance with usual practice, provided that this does not apply to an employee who has reasonable concerns about imminent risk to his or her health and safety, has advised his or her supervisor of this concern and has not unreasonably failed to comply with a direction by the his or her supervisor to perform other available work that is safe and appropriate for the employee to perform.
 - (e) Subject to any agreement between the parties in relation to a particular dispute, it is agreed that the provisions of the FW Act will be applied by the FWC with respect to the exercising of its functions and powers under this clause.
 - (f) Any decision or direction the FWC makes in relation to the dispute will be in writing.
 - (g) Subject to the right of appeal under sub-clause 14.7(d), any direction or decision of the FWC, be it procedural or final, will be accepted by all affected persons and complied with by the parties.

 - (ii) If the matter cannot be resolved under paragraph (i) above, it will be referred in writing to the relevant manager for resolution.
 - (iii) If the matter cannot be resolved under paragraph (ii) above, it will be referred in writing to the CEO for resolution.

 - (b) Where reasonably practicable, attempts to resolve the matter under each stage of the process referred to in paragraph (a) will begin within 48 hours of, and be completed within five (5) working days of the referral relating to that particular stage.
- 14.6 Conciliation
- (a) If the dispute remains unresolved after the parties have genuinely attempted to reach a resolution in accordance with sub-clause 14.5, any party may refer the dispute to the FWC, for resolution by conciliation.
 - (b) Provided the requirements of sub-clauses 14.4 and 14.5 have been met by the parties to the dispute, it is agreed that jurisdiction will not be raised by any party at conciliation.
 - (c) Conciliation before the FWC will be regarded as completed when:
 - (i) the parties have reached agreement on the settlement of the dispute; or
 - (ii) the member of the FWC conducting the conciliation has either of his or her own motion, or after application by any party, satisfied him or herself that there is no likelihood that further conciliation will result in a settlement within a reasonable period.
- 14.7 Arbitration

 - (b) Where a member of the FWC has exercised conciliation powers in relation to the dispute, that member will not be the member responsible for conducting the arbitration if any party to the dispute objects to that member doing so.
 - (c) Subject to paragraph (d), the determination of the FWC is final and binding.
 - (d) A party may appeal an arbitrated decision of a single member of the FWC, with leave of the full bench, provided that such appeal is lodged within 21 days of the decision being made.

- 15.5 PWC and the JCC will monitor implementation of this Agreement and cooperate in resolving any matters which might arise in giving effect to any part of this Agreement. In doing so,

48 Salary Sacrifice Packaging

48.1 Under this Agreement an employee may choose to enter into salary sacrifice packaging arrangements in compliance with Commonwealth taxation legislation and any rules and regulations imposed by the Australian Taxation Office (ATO) or other relevant authority. - 49.1 PWC is in the process of a major investment improvement program and recognises that in order to deliver this program, it will require the services of employees with relevant industry specific skills.
- 49.2 To ensure that PWC has the ability to attract and retain employees with relevant industry specific skills to complete this program, and to recognise the importance of skills and knowledge transfer by tradespeople to apprentices and other less experienced Technical employees, an industry specific skills allowance will apply to employees within the Science and Engineering Professional, Technical Coordinator, Technical Specialist, Operator and Trade Technical classification streams at the rates specified in **Attachment 2**.
- 49.3 An existing PWC employee transferring from a Trade Assistant position to an apprenticeship will continue to be paid at the Trade Assistant rate.

- 52.3 Employees in the Technical Specialist stream working in the conditions described in clause 52.2 will also be paid the consolidated disability allowance on an intermittent or as incurred basis where they meet the criteria for payment for the majority of time in a given pay period.
- 52.4 The allowance will count as salary for all purposes.

53 Extra Duty Allowance

- 53.1 In light of the operational nature of their role and the peaks and troughs in workload commonly experienced throughout the year, an annual Extra Duty Allowance (EDA), payable in equal fortnightly instalments, is available to Technical Specialists and Science and Engineering Professionals in accordance with this clause in recognition of any requirement to:
- (a) work reasonable additional hours (the "additional hours" component); and/or
 - (b) remain available to return to duty (the "call out" component).
- 53.2 The EDA is paid in lieu of any overtime, call out and availability allowance payment provisions that would otherwise apply.
- 53.3 The additional hours component is based on a percentage of the employee's nominal salary, and is payable as follows:
- | | |
|--|-----|
| (a) Category A - Around 50 additional hours per annum | 4% |

- 53.4 In special cases the CEO may determine a further additional hours component to that stated in sub-clause 53.3(f), which will not count as salary for any purpose.
- 53.5 All additional hours performed count toward the additional hours component on a one for one basis.

- 53.6 The call out component is based on a percentage of the PWC Band 2.3 salary rate, and is payable as follows:

| (a) Participation in the call out roster on a 1 in 4 or less (or 2nd on call) basis | 6% |

| (c) Participation in the call out roster on a 1 in 2 basis | 12% |

 - (c) recreation leave and personal leave that accrued after 1 January 2002; and
 - (d) long service leave that accrued after 1 January 2004.
- 53.8 The EDA period runs from 1 January each year. The record of additional hours is 'zero balanced' or 'reset' on that date, with no carry over from the previous year.
- 53.9 The actual performance of additional hours and participation in the call out roster will be monitored against the applicable level of EDA on a quarterly basis to ensure that these are tracking in accordance with the annual forecast. Where the actual performance of work is not sufficiently aligned to the annual forecast, corrective action will be agreed between the employee and manager to amend the approved entitlement, address demand for extra duty or provide access to time off in lieu.
- 53.10 Both initial requests and subsequent requests for review of EDA will require the approval of the CEO. In relation to the annual review process, General Managers are required to submit supporting information regarding the proposed utilisation of EDA within their business unit for the following year, by 1 December of the current year to:
- (a) identify eligible individuals;
 - (b) specify proposed levels of extra duty allowance for each individual; and

- 54.2 The rate of pay will be the minimum rate set for the higher level job, unless that rate is lower than or equal to the salary received by the employee in his/her nominal position, in which case the employee will be paid at the salary level that first constitutes an increase in salary compared with the employee's nominal position.
- 54.3 Payment of higher duties allowance will be from the date of commencement of the five (5) day period until the employee ceases to perform the normal range of duties.

64 Allowance for Damaged Clothes and Tools

- 64.1 Where an employee's clothes, spectacles, hearing aid or tools have been damaged or destroyed by fire or spoiled by acid, sulphur or other deleterious substances due to the circumstances of his or her employment, PWC will reimburse the employee for purchasing replacement items having regard to the cost of the article and its expected period of serviceability. The provisions of this clause do not apply where the item is provided by PWC.
- 64.2 PWC will provide a suitable and secure weatherproof lockup for the purpose of storing an employee's tools. Upon the production of receipts PWC will compensate an employee who has provided his or her own tools necessary for use during the course of his or her employment for the loss or damage by fire or theft on PWC's premises. - 67.2 The span of hours will be 6am - 6pm Monday to Friday.
- 67.3 The actual hours of attendance and the timing and taking of accumulated hours (including rostered days off and flexitime), meal breaks and work breaks will be arranged within the relevant work group or work area to provide optimum benefit to PWC, its customers and the workforce, and specifically ensuring that there is ordinary time cover within the span of hours, staffing levels permitting.
- 67.4 Staggered start and finish times may be used in the performance of ordinary hours to accommodate operational requirements and the personal needs of employees.
- 67.5 Rosters/coverage will be prepared in consultation with employees and agreed with individual employees within each business unit.
- 67.6 An employee may be required to work reasonable additional hours at any time that he or she is required.
- "Additional hours" is work performed in excess of ordinary hours of duty or, in the case of part-time employees, work performed in excess of agreed hours.
- "Overtime" means additional hours actually worked that would attract an overtime payment as applicable clause 71 (Overtime).
- 67.7 Employees are expected to be available to work reasonable additional hours if required by PWC. An employee may refuse to work additional hours or overtime in circumstances where the working of such additional hours or overtime would result in the employee working hours which are unreasonable. In determining whether additional hours or overtime are reasonable or unreasonable, the following must be taken into account:
- (a) any risk to employee health and safety from working the additional hours;
 - (b) the employee's personal circumstances, including family responsibilities;

 - (h) the nature of the employee's role, and the level of responsibility;
 - (i) whether the additional hours are in accordance with an averaging arrangement agreed to by the CEO and the employee; and
 - (j) any other relevant fact.

68 Rostered Days Off

- 68.1 Trade Technical employees are entitled to the following RDO arrangements. The flexitime provisions of clause 69 apply to all other (non-shiftwork) employees.
- 68.2 Unless varied by mutual agreement to suit work scheduling or personal arrangements:
- (a) In exchange for working 8.33 hours per day, a Trade Technical employee is entitled to one RDO per fortnight, which will be rostered on a Friday; and
 - (b) If a Trade Technical employee is rostered for call out on an RDO, the employee may take the RDO on another day.
- 68.3 Wherever possible, the RDO roster should provide for the staggered taking of RDOs among workgroup members to ensure that there is ordinary time cover within the span of hours to enable continuing operations on any given Friday.
- 68.4 Up to five RDOs may be "banked" by agreement between a Trade Technical employee and PWC, provided that an RDO must be used at an agreed time within three months from the date on which it was banked.
- 68.5 Where agreement cannot be reached in relation to the timing for use of banked RDOs, the RDOs will be cashed out at single time.
- 68.6 Subject to 68.7 RDOs do not accrue whilst an employee is on any form of paid or unpaid leave.
- 68.7 RDOs may accrue whilst an employee is on personal or recreation leave provided the relevant leave balance is reduced in line with 68.2(a).

69 Flexible Working Hours (Flexitime)

- 69.1 Flexitime is designed to assist employees in achieving a balance between work and family life, with each flexitime arrangement specifically tailored to suit both the employee's and PWC's requirements.
- 69.2 While employee requests to enter a flexitime arrangement are subject to operational requirements all reasonable attempts should be made to accommodate such requests. Where a decision is made to refuse an employee's request to enter into a flexitime arrangement, the employee must be provided with written reasons for the decision.
- 69.3 Administrative and Corporate Services, Science and Engineering Professional, Technical Coordinator and Technical Specialist employees may request to enter a flexitime arrangement subject to the following conditions:
- (a) the span of hours being 6:00 am to 6:00 pm;
 - (b) the minimum full time ordinary hours of duty being 37.5 hours a week, 75 hours per fortnight or 150 hours over four weeks;
 - (c) agreement with the direct manager that Flexitime is operationally suitable for the work unit and employee;
 - (d) agreement with the direct manager on the following:
 - (i) the hours of work;
 - (ii) the timing of taking accumulated hours (including days off); and
 - (iii) meal and work breaks; and
 - (e) review of the arrangement at any time (following consultation), based on changing operational requirements or employee performance under the arrangement.
- 69.4 Timesheets documenting hours worked towards the accrual of flexitime credits must be kept by the employee and submitted to the direct manager on a fortnightly basis for approval.
- 69.5 The actual hours of attendance and the timing and taking of accumulated hours (including days off), meal breaks and work breaks will be arranged within the relevant work group or

work area to provide optimum benefit to PWC, its customers and the workforce but specifically ensuring that there is adequate coverage during standard business hours to ensure operational efficiencies and the effective delivery of services.

- 69.6 Hours worked towards the accrual of flexitime credits accrue on a time for time (ie: single time) basis.
- 69.7 Subject to sub-clauses 69.8 and 69.9, a maximum of five days' worth of flexitime credits may be "banked" by agreement between an employee and PWC. A banked flexitime credit must be used at an agreed time within three months from the date on which it was banked or else it is forfeited.
- 69.8 In addition to the general flexitime banking arrangements set out in sub-clause 69.7, employees with a general entitlement to 5 weeks recreation leave per annum who do not have access to sub-clause 80.4 because their role does not require the performance of overtime may, upon prior approval, accrue 5 days' worth of flexitime credits for the purposes of obtaining an additional week of recreation leave per annum. The requirement to use banked flexitime credits within 3 months from the date of banking does not apply in these circumstances.
- 69.9 Upon written request, the CEO may approve banking of flexitime arrangements outside of the parameters set out in sub-clause 69.7 if he or she considers that an exception from the general rule is appropriate in the circumstances.

70 Work At Public Forums

The parties acknowledge that work at public forums, expos or similar outside of normal working hours is unpaid. However, individuals may negotiate time off in lieu where appropriate, prior to the event taking place as identified in established guidelines.

71 Overtime

71.7 Minimum Payment for Telephone and Computer Alarms

- (a) Telephone calls and computer alarms (when the employee does not need to leave home to respond) will not attract the minimum payment provisions of sub-clause 71.8. Instead payment will be made at double time for a minimum of 1 and a half hours (1.5) or the actual time worked, if greater.
- (b) Subsequent calls or alarms received within the minimum period of payment will not attract a further minimum payment.

72.2 Call out refers to a situation where an employee in receipt of availability allowance, or the call out ratio of the extra duty allowance, who is rostered to be available to return to work outside of the span of hours, is required to return to work.

72.3 The priority in all call out situations is prompt restoration of customer services in a safe and reliable manner, and to this end:

- (b) In circumstances such as particularly adverse weather, arduous work, repeated telephone calls or alarms or repeat call outs of more than four (4) hours in total, the nominated team leader in conjunction with Technical Coordinators and/or System Control may decide to stand down an employee or a crew, without loss of pay, for a rest break irrespective of the duration or number of call outs.
- (c) The actual hours worked during any single call out or multiple call outs between close of business and 8pm will not count towards any entitlement for a rest period.
- (d) Where the actual hours worked during any single call out or multiple call outs (cumulative) between 8pm and 1.5 hours before normal start time is three (3) hours or more, the employee will be entitled to a rest period of ten (10) hours commencing on completion of the last job (when the employee has advised System Control that he or she has completed the allocated work and returned home.

73 Relief for Regional Centres

- 73.1 The parties recognise that from time to time it will be necessary to send employees to Alice Springs, Katherine, Tennant Creek, Jabiru and Yulara ("regional centres") to provide relief for periods of unplanned leave, planned leave and to cover recruitment action.
- 73.2 The parties acknowledge that to assist in such situations, early advice from the employees at the regional centre is required where operationally possible.
- 73.3 The process for applying for relief is as follows:

 - (b) Where there is no ability to provide advance notice of a decrease in minimum numbers, employees in the regional centre must advise their supervisor as soon as they become aware of the situation.
 - (c) The supervisor will then source relief staff from within PWC as soon as practicable.

- (i) Pay progressions will be implemented no later than 3 months after the date of the assessment.

6.3 Provision for pay parity:

- (a) PWC recognises that the development of a new wholesale electricity market has the potential to change the roles and responsibilities of Operators over the life of this Agreement. To provide sufficient flexibility within the Operator classification stream to accommodate these potential changes, and to ensure pay parity at the base salary level between Operator positions and other technical positions with a corresponding work value, PWC agrees to apply the Interim Service Coordinator classification structure salary rates (refer table below), to Operator positions that undergo a job evaluation and are shown to have a job value that corresponds with the Technical Coordinator range.

Attachment 4 – Northern Territory Public Sector Redeployment and Redundancy Entitlements

1. Definitions

1.1 For the purposes of these provisions:

- (a) "potentially surplus employee" means an employee who has been declared by the CEO to be potentially surplus to the requirements of the agency under section 41 of the PSEM Act.
- (b) "service" means a period of continuous service as defined in the FW Act, and which includes service as a compulsory transferee as defined in accordance with By-Law 45.1 (General).
- (c) "suitable employment" means employment within the NTPS that the employee is capable of performing and is competent and qualified to perform, having regard to section 5D(2) of the PSEM Act, which must be considered in the context of reasonable training possibilities.
- (d) "surplus employee" means an employee in relation to whom the CEO has requested that the employer exercise his or her powers under section 43 of the PSEM Act.
- (e) "union" means a trade union as defined in the FW Act and which is covered by this Agreement.

2. Consulting Relevant Unions

2.1 The CEO will make reasonable attempts to establish whether a potentially surplus employee is a union member and where union membership is established, must:

- (a) Notify the relevant union of the potentially surplus situation and the name of the employee; and
- (b) Invite the union to meet with an Agency representative in relation to the situation.

2.2 The employer and/or CEO will provide relevant unions with the number of potentially surplus employees, their agency and their designation.

3. Finding of Other Suitable Employment

3.1 The employer and the CEO must make every endeavour to place a potentially surplus employee in other suitable employment.

3.2 In addition to any other action the employer and/or the CEO may have taken in the period before notice is given in accordance with clauses 4 or 5, the Employer and CEO will, during all such periods of notice, make every endeavour to place a surplus employee in other suitable employment.

3.3 Where other suitable employment for a potentially surplus employee or a surplus employee is identified the employee will be transferred. Where the transfer is to a lower level designation and salary, the written consent of the employee is required and the income maintenance provisions of clause 6.3 apply.

4. Voluntary Retrenchment

4.1 Where a surplus employee is unable to be placed in other suitable employment, the employer may offer the employee a voluntary retrenchment.

4.2 The surplus employee will have up to seven (7) days from the date of a written offer of voluntary retrenchment to consider and accept the offer.

4.3 Where the surplus employee accepts a voluntary retrenchment, the employee is entitled to a period of four (4) weeks' notice from the date that the offer is accepted, or five (5) weeks' notice if the employee is over the age of 45 years.

4.4 The surplus employee may be retrenched at any time within the period of notice under clause 4.3, at the direction of the CEO or the request of the employee, in which case the employee is entitled to receive payment in lieu of salary for the unexpired portion of the notice period.

4.5 A surplus employee retrenched in accordance with this clause is entitled to be paid a sum equal to the following weeks' salary including, where applicable, Northern Territory Allowance:

(a) for an employee with at least one (1) year but less than two (2) years' service: four (4) weeks' salary;

(b) for an employee with at least two (2) years but less than three (3) years' service: six (6) weeks' salary;

(c) for an employee with between three (3) and three and a half (3.5) years' service: seven (7) weeks' salary; and

(d) For an employee with greater than three and a half (3.5) years' service: two (2) weeks' salary for each year of service plus a pro rata payment for the months of service completed since the last year of continuous service, provided that the maximum payable is 48 weeks' salary.

4.6 For the purpose of calculating payment under clause 4.5:

(a) where an employee has been acting in a higher designation for a continuous period of at least 12 months immediately prior to the date of notification that he or she is a surplus employee, the salary level is the employee's salary in his or her higher designation at the date of notification; and

(b) where an employee has been paid a loading for shift work for 50% or more of the 12 months immediately preceding the date of notification, the weekly average amount of shift loading received during that period shall be counted as part of "weeks' salary".

- 4.7 The inclusion of allowances or loadings as salary, other than those specified in clause 4.6, will be at the discretion of the employer.
- 4.8 The entitlement under:
- (a) Clause 4.3 constitutes notice for the purposes of section 117 of the FW Act; and
 - (b) Clause 4.5 includes the employee's entitlement to redundancy pay for the purposes of section 119 of the FW Act.
- 4.9 All accrued recreation leave, long service leave and leave loading entitlements, including pro rata entitlements must be paid out.
- 4.10 Subject to clause 4.11, a surplus employee retrenched under this clause is entitled to all reasonable removal and relocation expenses. This entitlement must be used within 90 days after the date of voluntary retrenchment unless otherwise approved by the employer.
- 4.11 A surplus employee is entitled to the use of or payment equivalent to one accrued airfare entitlement for the employee and his or her recognised dependents. This entitlement is in lieu of removal and relocation expenses in clause 4.10, and this must be used within 90 days after the date of voluntary retrenchment, unless otherwise approved by the employer.

5. Notice of Redundancy

- 5.1 A surplus employee cannot be given notice under this clause unless he or she has:
- (a) Been offered a voluntary retrenchment and has declined that offer; or
 - (b) Has requested a voluntary retrenchment and the employer has refused the request.
- 5.2 Subject to clause 5.5, where the employer determines that a surplus employee is unable to be placed in other suitable employment:
- (a) the employee is entitled to 26 weeks formal notice of redundancy; or
 - (b) where the employee has 20 or more years' service or is over the age of 45 years, the employee is entitled to 52 weeks formal notice of redundancy.
- 5.3 In addition to notice of redundancy under clause 5.2, a surplus employee must be given four weeks' formal notice (or five weeks if the employee is over 45 years) where the relevant period of notice under clause 5.2 has expired and the employee cannot be placed in other suitable employment and will be terminated.
- 5.4 The period of notice under clause 5.3 constitutes notice for the purposes of section 117 of the FW Act.
- 5.5 The period of notice under clause 5.2 will be offset by the number of weeks of redundancy pay to which the surplus employee is entitled under section 119 of the FW Act and will be paid on termination.

Example: A 50 year old employee with 4 years' service has been given notice of redundancy. The employee will receive a total redundancy entitlement of 52 weeks, comprising 44 weeks' notice of redundancy and the NES entitlement to 8 weeks' redundancy pay which will be paid on termination.

- 5.6 In accordance with clause 3.2, during the notice periods referred to in this clause the employer and CEO will continue to make all reasonable endeavours to place the surplus employee into other suitable employment.
- 5.7 With the approval of the CEO, a surplus employee who has received notice in accordance with clauses 5.2 or 5.3 may request that the termination occur before the expiry date of the notice period. The date requested then becomes the date of termination of employment.
- 5.8 Where the CEO approves a request to terminate employment before the expiry date of the notice period, the surplus employee will be entitled to receive payment in lieu of salary, including Northern Territory Allowance where applicable, for the unexpired portion of the notice periods set out in clauses 5.2 and 5.3.
- 5.9 A surplus employee who has declined an offer of voluntary retrenchment prior to clauses 5.2 and 5.3 being invoked, is not entitled to receive a greater payment under clause 5.8 than the employee would have been entitled to receive had he or she been voluntarily retrenched.
- 5.10 For the purpose of attending employment interviews, a surplus employee who has received notice in accordance with clauses 5.2 or 5.3 is entitled:
- (a) To reasonable leave with full pay; and
 - (b) To reasonable travelling and incidental expenses necessary to attend an interview where those expenses are not met by the prospective employer.

6. Transfer to other suitable employment

- 6.1 A potentially surplus employee or a surplus employee is entitled to four weeks' notice in the case of a transfer to a lower designation. By agreement between the employee and the CEO, the transfer may occur before the expiry of the four week notice period.
- 6.2 A potentially surplus employee or a surplus employee is entitled to all reasonable expenses associated with moving his or her household to a new location if, in the opinion of the employer the transfer is necessary to enable the employee to take up suitable employment.
- 6.3 Where a potentially surplus employee or a surplus employee is transferred to a lower designation and salary the employee will be entitled to income maintenance payments as follows:
- (a) where the period of notice of redundancy has already been invoked, the greater of:
 - (i) The unexpired portion of the period of notice of redundancy that applies to the surplus employee under clause 5.2; or
 - (ii) Four weeks; or

(b) where the period of notice of redundancy has not yet been invoked, for the period of notice of redundancy that might otherwise have applied to the employee under clause 5.2.

6.4 Income maintenance payments are calculated as follows:

(a) An amount equivalent to the difference between the employee's nominal salary on the day immediately preceding the transfer and the nominal salary upon transfer; or

(b) where an employee has been acting in a higher designation for a continuous period of 12 months immediately prior to the date on which he or she received notice of the transfer, the difference between the employee's higher duties salary and the lower salary upon transfer.

6.5 The inclusion of allowances or loadings as salary, other than higher duties allowance in accordance with clause (b), is at the discretion of the employer.

6.6 An employee who is eligible for the payment of income maintenance is entitled to receive compensation for all other identifiable and quantifiable disabilities, losses and expenses experienced or incurred by reason of his or her transfer which in the opinion of the Employer were brought about by the transfer.

7. Use of Accrued Personal Leave

7.1 Subject to clause 7.2, the periods of notice under clauses 5.2 and 5.3 will be extended by any periods of approved personal leave taken during such periods supported by documentary evidence in the form of a medical certificate issued by a registered health practitioner.

7.2 For the purposes of an employee entitled to income maintenance under clause 6.3, the total extension permitted under clause 7.1 is capped at six months.

Example: A 50 year old employee with 10 years' service receives notice of redundancy under clause (b). Ten weeks into the 52 week period of notice, the employee is transferred to a position of a lower designation and salary. The employee is entitled to income maintenance for 42 weeks. However, during the income maintenance period the employee takes four weeks' certificated personal leave, with the result that the total period of income maintenance ends up being 46 weeks.

8. Right of Review

8.1 A surplus employee will have a right of review to the CPE against any administrative decision made in relation to his or her eligibility for benefits under these provisions or in relation to the amount of those benefits.

8.2 This right does not affect the employee's rights under the FW Act.

9. Substitution or Other Provisions

- 9.1 Where the employer and the employee (and where requested by the employee, the relevant union) agree, provisions may be applied to a potentially surplus employee or a surplus employee which are in addition to, or in substitution for, any or all of the provisions prescribed in this Schedule.

10. Exemption

- 10.1 These provisions do not apply to fixed period or casual employees unless otherwise approved by the employer.

Attachment 5 – Safety bonus table

PWC is committed to a safety initiative that shifts our focus from injury analysis to one that encourages contributions to safety awareness, preventative action and positive health and safety related behaviours, at the individual and corporate levels. Consistent with this is a move from lag indicators, such as Lost Time Injuries (LTI) statistics, towards the use of lead indicators, such as increased reporting and proactive safety related contributions.

In light of the above underpinning principles, PWC’s Safety Initiative consists of the following elements:

Elements*	KPI	Target	Bonus Amounts	
Corporate Lead Indicators	Increased reporting for all incidents (hazards, near misses and injuries)	10% increase on previous year’s number of genuine incidents reported	\$250	
	Investigations finalised within 30 days of being commenced	20% improvement in previous year’s results		
	Incidents reported into GRACE within 24 hours of occurring	80% of all incidents

Recommendations of the Safety and Maintenance Committee will be referred to the Executive Management Team for final approval.

** Eligibility for the corporate elements of the Safety Initiative is conditional on an employee’s participation and successful achievement in relation to the individual element of the Safety Initiative.

Attachment 6 – Work Life Balance Initiatives

1 General

- 1.1 In addition to the principles contained in clause 20 (Work Life Balance Package) of the Agreement, access to the initiatives set out below must be in accordance with this Attachment.
- 1.2 The provisions of this Attachment do not apply to casual employees.
- 1.3 In accessing the leave initiatives set out below, it is not intended that employees be advantaged or disadvantaged in relation to the administration of accrual or payment of entitlements.

2 Recreation Leave at Half Pay

- 2.1 An employee may apply to utilise one or more weeks of his/her recreation leave at half pay, in order to double the period of leave.
- 2.2 An employee cannot utilise recreation leave at half pay whilst under a purchased leave arrangement.
- 2.3 Where an employee utilises an amount of recreation leave at half pay:
 - (a) Leave entitlements will accrue as if the employee had utilised the amount of recreation leave at full pay;

For example, if an employee utilises 2 weeks of recreation leave over a period of 4 weeks at half pay, all leave entitlements will accrue over the first 2 weeks of leave, as if the employee was on recreation leave with full pay, and no leave entitlements will accrue over the final 2 weeks of recreation leave on half pay.
 - (b) Salary and allowances will be paid at 50% of the usual rate, for the entire period of half pay.
- 2.4 A period of recreation leave at half pay does not break continuity of service.
- 2.5 The second half of the period of recreation leave at half pay will not count as service and service based entitlements will be effected accordingly.

For example: If an employee utilises 2 weeks recreation leave over a period of 4 weeks at half pay, service based entitlements (eg: personal leave, long service leave, paid parental leave) will be deferred by 2 weeks.

3 Purchase of Additional Leave (“Purchased Leave”)

- 3.1 Entitlement to purchased leave
 - (a) An employee who has completed twelve (12) months continuous service may, with approval of the CEO, purchase up to six weeks additional leave per year with a corresponding reduction in the number of working weeks.

Note: Additional leave purchased under clause 80.4(b) does not count towards the additional leave available for purchase under this clause.
 - (b) An employee cannot access recreation leave at half pay whilst under a purchased leave arrangement.
- 3.2 Method of purchase
 - (a) Additional leave must be purchased in advance and must be used within six (6) months after payment is completed.
 - (b) An employee purchasing additional leave will pay an amount equal to salary for the additional leave over a twelve (12) month period. Payments will be deducted from the employee’s gross fortnightly salary.

For example, Fred earns an annual gross salary of \$47,006 or \$1802.15 per fortnight. He purchases an additional 4 weeks leave which equates to two fortnightly pays (ie. \$3604.30) . Fred’s fortnightly deductions over a 12 month period (26 pays) would be:

- \$138.80 for the first deduction; and
- \$138.62 for the remaining 25 deductions.

(Note: DCIS payroll is responsible for calculating actual deductions associated with an application for purchased leave).

- (c) The employee's deductions for purchased leave will be increased in accordance with salary increases applying during the period of the Agreement.
- (d) A period shorter than twelve (12) months for purchasing additional leave may be implemented with the CEO's approval.

3.3 Administrative

- (a) For the period over which payments are being deducted from an employee's salary to fund a purchased leave arrangement, compulsory employer superannuation contributions are calculated on the salary that the employee was paid:
 - (i) prior to purchased leave deductions being made in the case of NTGPASS and CSS employees; and
 - (ii) after purchased leave deductions being made in the case of Choice of Fund employees.
- (b) Purchased leave will count as service for all purposes.
- (c) Purchased leave does not attract a leave loading.
- (d) Before accessing the additional leave an employee who purchases additional leave will be required to exhaust all available:
 - (i) recreation leave entitlements; and
 - (ii) long service leave entitlements, except where the employee has satisfied the conditions of clause 78.2,
- (e) Provided that such requirement is waived in circumstances where an employee endeavours to exhaust available leave entitlements, but is prevented from doing so due to the operational requirements of PWC.
- (f) If an employee does not use the purchased leave within the period agreed and leave is not deferred, it will lapse and the employee will be reimbursed monies paid.
- (g) Purchased leave must be taken in minimum periods of one week.
- (h) A public holiday that falls within a period of purchased leave will extend the period of leave.

3.4 Independent Advice

Prior to entering into or ceasing a purchased leave arrangement an employee should seek, at his/her own expense, independent advice regarding:

- (a) his/her financial situation;
- (b) the potential impact on taxation; and
- (c) the potential impact on superannuation.

3.5 Agreement

- (a) A purchased leave agreement must be in writing.
- (b) A purchased leave agreement is non-renewable. On the expiry of an existing agreement, the employee may lodge a new application for approval by the CEO.

3.6 Cessation of purchased leave

- (a) A purchased leave arrangement may cease in the following ways:
 - (i) At the request of the employee on the giving of four (4) weeks written notice to the CEO, provided that approval of the request is at the discretion of the CEO, based on operational and other relevant considerations.
 - (ii) At the initiative of the CEO, on the giving of three (3) months written notice to the employee, along with reasons for the cessation.
 - (iii) The employee ceases employment with PWC;

- (iv) The employee moves to a new work area within PWC, or to another Agency (unless the new work area or Agency agrees to continue the arrangement).
- (b) Where a purchased leave arrangement ceases in accordance with paragraph (a), the employee will be reimbursed a lump sum payment of monies paid within two (2) months of the date of cessation, provided that where the employee has already commenced the period of purchased leave, he or she will be reimbursed monies paid on a pro-rata basis, in accordance with the portion of monies relating to the unused period of leave.
