

2 July 2015

Mr Sebastian Roberts
General Manager
Australian Energy Regulator
L35 The Tower
360 Elizabeth Street
MELBOURNE VIC 3000

Dear Mr Roberts

This letter accompanies SA Power Networks' revised regulatory proposal for the 2015-20 regulatory control period (**Revised Proposal**).

The Revised Proposal comprises a main document, and a number of attachments and other supporting documents and information, contained on an electronic storage device. The Revised Proposal will be lodged with your Adelaide office on 3 July 2015.

On 31 October 2014, SA Power Networks submitted a regulatory proposal supported by a number of attachments and other supporting documents and information (together the **Original Proposal**).

Following the making of its Preliminary Determination on 30 April 2015, and in accordance with clause 11.60.4(a) of the National Electricity Rules (NER), the Australian Energy Regulator (AER) invited written submissions on the revocation and substitution of that Preliminary Determination, which will occur with its Final Determination on 31 October 2015.

SA Power Networks' Original Proposal read together with and subject to the Revised Proposal, forms our current regulatory proposal.

Every effort has been made to ensure that the Revised Proposal's main document, its attachments and supporting information, are current as at the time of lodgement. In this regard, we note the release today (2 July 2015) by the Australian Energy Market Commission (AEMC) of notification of deferral of its final NER determination on the Competition in Metering and Related Services rule change request, until 26 November 2015. This development has not been incorporated in the Revised Proposal, although we expect that any associated impacts will be discussed with the AER as appropriate during its review of our Revised Proposal.

Please contact me for any information or clarifications. We look forward to engaging in an enhanced, open, transparent and constructive process with the AER as this Revised Proposal is considered in the lead up to the AER's Final Determination.

Yours sincerely

Sean Kelly
GENERAL MANAGER CORPORATE STRATEGY
