I, John Ferguson, General Manager, Networks of APA Group, on behalf of APT Allgas Energy Pty Limited (APT Allgas) of 580 George Street, Sydney, NSW make the following declaration under the *Statutory Declarations Act 1959*:

- 1) The information and documentation provided to the Australian Energy Regulator (AER) in compliance with the Regulatory Information Notice (RIN) as served upon APT Allgas on 31 August 2010 are, to the best of my knowledge and belief after making due enquiries, accurate and complete in all material respects, and can be relied upon by the AER in the performance or exercise of its functions or power under the National Gas Law or the National Gas Rules; and
- 2) The information and documentation provided to the AER in compliance with the RIN, which summarise, extract, or extrapolate information and documentation prepared, kept or maintained under the RIN are, to the best of my knowledge and belief after making due enquiries, an accurate representation of the source material.

Notwithstanding paragraphs (1) and (2) above, the re-statement of historical data into the categories specified in the RIN has been undertaken as accurately as possible, however as this historical data was not categorised in business or other records according to the categories specified in the RIN, there is necessarily a degree of estimation associated with the categorisation of this historical data.

I understand that a person who intentionally makes a false statement in a statutory declaration is guilty of an offence under section 11 of the *Statutory Declarations Act 1959*, and the statements in this declaration are, to the best of my knowledge and belief, true in every particular.
