Dear Mr Buckley

Dawson Valley Pipeline – Proposed Access Arrangements

I refer to your invitation for submissions on the above.

Sunshine Gas Limited is the joint holder with Westside Energy Limited of ATP 769P to the west of the Dawson Valley Pipeline.

We have had the benefit of reviewing both Westside Energy's and Molopolo Australia Limited's submissions to the ACCC on the proposed access arrangements and agree with all the matters set out in those submissions. Sunshine Gas repeats and relies on all the matters set out in those submissions and adopts them accordingly as its submission as well.

Sunshine Gas would welcome the opportunity to discuss with you the issues raised by the proposed access arrangement, if required, and I look forward to hearing from you in this regard.

Yours faithfully
