Dear Mr Pattas

**Jemena Gas Networks (NSW) Ltd: 2014 Regulatory Information Notice**

Jemena Gas Networks (NSW) Ltd (**JGN**) is pleased to submit its fourth response to the Regulatory Information Notice (**RIN**) that the Australian Energy Regulator (**AER**) served on it on 18 October 2011.

This response covers the 2013-14 regulatory year and includes:

- Jemena Managing Director's statutory declaration
- JGN's RIN response covering submission
- the RIN excel templates (being Attachment 1 to the RIN covering submission).

The material and information provided in the submission and templates includes commercially sensitive information that is confidential to JGN. We understand that the AER will treat such confidential information in accordance with the relevant provisions of the National Gas Law, National Gas Rules and the AER's information policy.

JGN provides two copies of the 2014 RIN response: a confidential version with identified areas of content that contain materials that are commercial-in-confidence in square brackets and yellow highlighter, and a second public version with areas of content that are commercial-in-confidence redacted.

**Attachment 1** to this letter details the relevant sections of the RIN response that JGN considers to be commercial-in-confidence and the basis of the claims.

If you have any questions regarding this submission please contact me on (02) 9455 1594 or [christopher.stewart@jemena.com.au](mailto:christopher.stewart@jemena.com.au).

Yours sincerely

Christopher Stewart
