Dear Michael,

Re: SPI PowerNet's Revenue Cap Application

Thank you for the opportunity to make a submission relating to SPI PowerNet's Transmission Network Revenue Cap Application 2003-2008. Please note the following:

- (i) TXUA have a number of issues that are being considered as part of the review process by the ACCC in SPI PowerNet's application. However, we believe that these issues will be adequately addressed by other participants as part of the review process.
- (ii) To the extent required, TXUA believes that it may be able to comment on SPI PowerNet's submission after the draft decision is made.

If you require any further information please contact Con Noutso on 03 8628-1240.

Yours sincerely

Caryle Demarte
