

The **BETTER
DRINKS** Co

Charlies

30 June 2015

Mr Sebastian Roberts
General manager Network Regulation
Australian Energy Regulator
GPIO Box 520
Melbourne Vic 3001

Dear Sir,

This letter is in support the AER decision and determination in relation to SA Power Networks.

The Better Drinks Co is a member of the Riverland Energy Association and a relatively large consumer of electricity at Renmark in the Riverland region of South Australia.

We also support the letter and submission by a member of the Riverland Energy Association, the Central Irrigation Trust and the matters raised by Gavin McMahon in the submission. We are also concerned and have been affected by the significant increases as a result of the unsustainable pricing increases imposed over the last regulatory period.

Yours sincerely,

Kym Baldock / general manager australian operations
