Dear Chris

**RE: Transition from RIT to RIT-D**

Under clause 11.50.5(c) of the National Electricity Rules, United Energy is required to advise the AER of any projects that have commenced assessment under the regulatory test. United Energy can report that no regulatory tests (RIT) have commenced or are currently in progress. Furthermore no regulatory investment tests for distribution (RIT-D) have commenced or are currently in progress. United Energy expects to commence its first RIT-D in the first half of 2014.

Yours sincerely
